FOUR O'CLOCK P. M.

THEY WANT BLOOD.

The Friends of the Chicago Anarchists Want What They Ask for, or Blood —Another Bomb Found.

CHICAGO, Sept. 22.—The policemen found a gas pipe bomb at the Cottage Grove avenue car barn on, Thirty-ninth street, at 1 o'clock this morning. It was ten inches in length and two inches in diameter and was enclosed in an ordinary sized starch box and had the clock work attachment for exploding.

CLEVELAND, O., Sept. 22.—About 250 anarchists met at a down-town hall last night and protested against the execution of the seven condemned Chicago anarchists. They spoke in German and were in favor of blood, if everything else failed.

PARSONS DEFIANT.

CHICAGO, Sept. 22.—A. R. Parsons, the condemned anarchist, sent for a reporter yesterday and gave out for publication a long document addressed "To the American People," and made a special request that it be published without alterations. He quotes at length the evidence and rulings of the supreme court; says the speeches credited to him in the trial are garbled extracts by excited and imaginative newspaper reporters; that his Haymarket speech did not incite the riot, and there was no connection between the speeches and the death of Officer Degan. He says the evidence did not show him guilty, but proved his innocence; that he had been convicted as an anarchist and not as a murderer. He came and gave himself up for trial, and appeals to the American people to avert the awful crime of judicial murder. As between capital and its legal rights, and labor and its rights, the courts must decide with the capitalistic classes. To appeal to them would be an appeal of a wage slave to his capitalistic master for liberty. If I had never been an anarchist before, my experience with the courts and laws would make an anarchist of me now. I appeal not for mercy, but for justice." After again saying he will not accept a commutation of sentence, he closes by quoting the language of Patrick Henry: "Give me liberty, or give me death."

CINCINNATI, Sept. 22.—Socialists last night requested the central executive of the union labor party to intercede in behalf of the Chicago anarchists. The vote was taken by wards and the request was refused by a large majority.

The Fisheries.

TORONTO. Ont., Sept. 22.—The department of fisheries is advised that up to date ten Behring Sea sealers have eluded the United State's cutter "Rush" and arrived at Victoria, B. C. The total catch is reported to be 10,046 skins by Canadian vessels, and 2,539 skins landed in British Columbia by the American schooners. At $6.50 per skin the value of the catch reaches over $140,000.

Robbed of $4,500.

CHICAGO, Sept. 22.—P. R. Scott, jr., son of ex-Govenor Scott, of Arkansas, reported to the police yesterday, that he had been robbed of $4,500 in notes, and $500 in money. He had sold his interest in his business in Kansas, and arrived Tuesday on his way to Napoleon, Ohio. He went to the theater, and on returning to the hotel, found that his pocket had been picked.

Insane Asylum Burned.

JACKSONVILLE, Ill., 22.—Shortly after 12 o'clock, yesterday, Oaklawn retreat, a private hospital for the insane, near the city, was burned to the ground. Loss $225,000. For a time there was a scene of wild confusion. The patients ran to and fro over the grounds of the retreat and nothing could be done to restrain them.

Hon. E. B. Washburne.

CHICAGO, Sept. 22.—Hon. E. B. Washburne, formerly United States minister to France, was taken with congestion of the brain to-day, and now lies in a serious condition at the home of his son. Dr. McArthur says there is no danger of immediate death, although his condition is serious.

Died from His Wounds.

GETTYSBURG, Pa., Sept. 22.—Orros Gresso, of the Ohio National Guards, who was wounded by the discharge of a cannon at the dedication of the Ohio Memorial on the 18th, died to-day.

The Commercial Club.

LOUISVILLE, Sept. 22.—The Commercial club gave a lunch and reception at the Louisville hotel last night to 1,000 commercial travelers, representing the business houses of the city.

C. H. and D. Stock Way Down.

NEW YORK, Sept. 22.—At an auction at the real estate exchange to-day. 500 shares of Cincinnati, Hamilton and Dayton railroad company preferred stock sold at 15.

Will go West.

WASHINGTON, Sept. 22.—The President and Mrs. Cleveland will leave Washington next week, Friday, for an absence of three weeks in the west and south.

The Weather.

WASHINGTON, Sept. 22.—Indiana, colder, threatening weather, with rain, followed Friday by slightly warmer, clearing weather.

CONFESSES HIS GUILT

The Murderer of the Woolfolk Family Confesses to the Crime and Implicates Others in It.

ATLANTA, Ga., Sept. 22.—Jack Debose, the negro arrested on suspicion of murdering the Woolfolk family at Canton, has confessed his guilt. His motive was revenge for the ill treatment given him by Capt. Woolfolk. Debose claims he did not actually kill the people, but three negro accomplices entered the house and committed the butchery, while Debose watched outside. He says he saw Tom Woolfolk jump from the window and run for his life. Tom, who has been under arrest for the crime, will doubtless be released.

Foreign News.

LONDON, Sept. 22.—Mr. Michael Davitt sailed for Queenstown to-day, for New York on the White Star line Britannic. Davitt says his visit is of a private nature and will be short.

The British steamer Romeo, Capt. Williams, from New Orleans August 30, for Rouen, grounded at Villeginer and capsized. An engineer and a fireman were drowned and five of her crew and passengers are missing.

LONDON, Sept. 22.—A troop of Hussars, detachment of artillery and police have arrived at Mitchellstown. Magistrate Eaton has issued a proclamation prohibiting the holding of any public meetings during the sitting of the police court, and states that any meetings held in violation of this proclamation will be forcibly dispersed. A public meeting is being arranged to hear addresses from Mr. Dillon and Mr. Cowden and a conflict is feared if the nationalists persist in carrying out their instructions.

A Theatrical Collapse.

AURORA, Ill., Sept. 22.—For several days past the bill boards of this city have been covered with flaming sheets announcing the appearance of a Chicago man named A. E. Geismardo in a play called "A Wronged Man." Geismardo was down on all the bills as "author and actor." This city was the first place made, and will probably be the last. He returned to Chicago and said he would go no further on the road, although he was billed for Elgin this evening, and Galena to-morrow. Most of the company also went back to the city. Geismardo claimed to have lost $7,000 in the venture, and if he did not some one else did, for the bills, costumes, properties, etc., were gotten up regardless of expense.

A Big Loan.

NEW YORK, Sept. 22.—A report was circulated on the street to-day to the effect that a loan of from $8,000,000 to $10,000,000 is about to be made by a third mortgage upon the property of the Northern Pacific Railroad company, the loan to be for forty years at 5 per cent. Mr. Villard, it is said, would place the loan in Germany at 95 per cent. Mr. Villard was out of town to-day and a direct confirmation or denial from him could not be obtained.

Mrs. John A. Logan.

SPRINGFIELD, Sept. 22.—Mrs. Logan has almost entirely recovered from the painful accident she recently sustained. She hopes to complete arrangements soon for the removal of her husband's remains to Chicago. The vault in which they are now resting in Rock Creek church cemetery is still guarded by a detail of United States soldiers, night and day.

Dynamite for Cuba.

KEY WEST, Fla., Sept. 22.—A car load of dynamite, enough to blow up Havana, was discovered hidden in the woods near this city yesterday. The discovery has created intense excitement; proving that the plot against Cuba is much more formidable than at first supposed. A little dynamite was found here immediately after Agueros' expedition.

A Boy Thief.

Officer Jesse Patton arrested Joe McDermut, a young boy, for stealing fifty pounds of lead pipe from J. F. Wm. Meyers' residence, on West Washington street. McDermut sold the pipe to M. Diehl & Co. for $1.50. McDermut is an orphan, who was adopted by John Carroll, the plasterer. He has been at the reform school twice and probably knows something of the robbery of Diehl's store. The mayor bound him over in the sum of $300.

The Gas Well a Good One.

Secretary Ed. Craw, of the People's Gas and Pipe Line company, said at noon that their gas well on the Peltier farm was sufficiently strong to furnish fuel for the poor house and the Esmond Flouring mill. The company have decided to neither "shoot" or sink the well deeper, preferring to case the present hole and sell the gas. They have sold the water from the well to J. C. Peltier.

They have used $4,000 of their stock on the explorations up to date. They will collect $7,000 now, the extent of their capital stock, and sink four additional wells out in that direction, believing there is gas in the vicinity in abundance.

The consolidation of the Nickel Plate road wes affected under the state laws at the office of Bell & Morris this morning. Hon. R. C. Bell, solicitor for the company, voted a mammoth block of stock for W. K. Vanderbilt and other owners, while the local directors voted other shares sufficient to control the corporation. There were a number of foreign capitalists at the meeting.

THE FLYERS MEET.

The Vestibule Limited Express Runs Into an Extra Postal and Express Train—The Engineers Hurt.

The Pittsburg, Fort Wayne and Chicago railway broke its safety record again this morning at 3 o'clock.

At the west switch, near Elida, Ohio, the incoming limited express No. 5, due in Fort Wayne at 5 o'clock this morning, collided with the second section of the east bound passenger train No. 10.

The vestibule train was running at a high rate of speed and its locomotive smashed into the engine of the other train with frightful force. In their vice like embrace both iron monsters toppled over on the side and still lie in the ditch.

No damage was done to the vestibule train other than to jar the slumbering passengers. The mail train fared worse. It was made up of postal and express cars exclusively. The front end of the first postal car was shattered and the clerk inside was driven onto a pile of mail sacks in the opposite end like a bullet, but sustained no injuries to speak of.

The firemen of both locomotives leaped in safety before the crash and have no opportunity to immortalize their bravery. Their names are Jim Burns and Jack Coler.

The engineers clung to their throttles longer, and Billy Glenn, of the limited, almost lost his life. His collar-bone is fractured and he is bruised internally, but will not lose his life. His brother, Conductor Tom Glenn, went east on a switch engine to meet the invalid, who has five small children under his care at their home, No. 71 West DeWald street, the mother having died some two years ago.

Engineer Ben Skinner sustained bad bruises in leaping from his engine, but he is around his home, No. 367 Hanna street.

The vestibule train did not arrive until 11:00, standard time, and then it made a contour over the Chicago and Atlantic and Fort Wayne and Richmond roads, the blockade at Elida being complete.

The scene of the collision is fifty miles east of Fort Wayne and is a regular passing point for trains. A long sidetrack is constructed, but a freight train prevented the mail and express train from getting in on the siding, so that the smash-up was right on the main track.

The officers of the road do not place the blame, and cannot, possibly, until an investigation is made. A collision is a rare thing on the Fort Wayne road and somebody will have to suffer, because the company will tolerate no neglect.

The limited express had no sign of the collision when it pulled into this city. The baggage car did not have a scratch on it, and as the five vestibule cars were crowded with passengers its escape is notable.

Chief Mail Clerk Jim Humphrey, of this city, with two assistants were in the shattered mail car and narrowly escaped being killed. Mr. Humphrey has been in two such collisions before and is a little nervous about it.

BY TELEGRAPH.

CINCINNATI, O., Sept. 22.—A special from Lima says that the limited express, west-bound, on the Pittsburg, Fort Wayne and Chicago road, crashed into the east-bound express, seven miles east of here, this morning. The latter was trying to reach a side track and the brakes on the west-bound train did not work.

Engineer Glenn was seriously hurt by jumping. The tender of his engine was driven through the mail car. Many narrow escapes.

National Council.

CHICAGO, Sept. 22.—At to-day's sessions of the building trades national council a constitution was adopted setting the government of the council in the president, vice-president and secretary, who shall also act as treasurer. It also provides for the selection of an executive committee of seven members, which shall decide all labor troubles. The committee is empowered to levy a per capita of ten cents on all members of the body when needed.

CHICAGO, Sept. 22.—The condition of Hon. E. B. Washburne, ex-minister to France, is better to-day although fears are entertained that his end is near.

EXCITED BROKERS.

The New York Stock Brokers Climb Over Each Other in Their Excitement.

NEW YORK, Sept. 22.—The government circular offering to buy the 4 per cent. bonds at fixed prices and to pay the interest without rebate caused a sharp turn in the sentiment of the operators on the stock market and the opening was excited, at advances ranging from ¼ to 1¼ per cent. The buyers were so eager that they actually climbed over each other for the first few minutes after the opening and the crowds which was dealing in the Western Union, Reading and New England numbered over 100 brokers each. During the first few minutes a further gain of about ½ cent was made but a reaction has now set in and the market seems to be resuming its normal tone. At 11 o'clock the market is quiet but unsettled and heavy at material declines from opening figures.

OVER THE FIELD.

Looking Around the City for Fresh Facts and Fancies About the Men in the Busy World.

Train No. 43 on the Wabash is now run in two sections.

There have been but very few excursions left the city this week.

The Wabash is reaping a harvest out of the sale of tickets to the St. Louis exposition.

The Wabash company are building at their own shops 100 coal cars, to be of 60,000 pounds capacity.

This is the big month for the railroads in the freight trafic line and all the freight offices in the city are rushed with work.

The railroads are making preparations for the increased passenger traffic that there will be into this city during the Fair week.

Dr. Mitchell, of Missouri, is in the city, visiting his son, Frank Mitchell, one of the popular engineers on the Nickel Plate.

Lewis Kestel, the machinist at the Pittsburg shop, has returned from a visit to Chicago.

Conductor Rodenberg is one of the most popular passenger conductors on the Nickel Plate. His run is from Chicago to Bellevue.

Engines 166 and 21, which were badly demolished in the wreck at Forest, O., a few days ago, are in the Pittsburg shop at this city for repairs.

Engineer Tom Telley and his firemen settled a little difference of their own in pugilistic style yesterday and both of them are now a little bruised up.

The street cars ran to Bloomingdale to-day but trips will not be regularly made until Sunday next, when the new Catholic Orphanage will be dedicated.

Samuel Clay, a machinist who was formerly employed at the Bass works, has returned from Texas, where he has been for the last two years, and again taken his old position.

Ora Clark, the train dispatcher at Peru, has been promoted to the position of chief train dispatcher of the Chicago division of the Wabash road, with headquarters at Forrest, Ill.

The death of Geo. Miner, an old passenger conductor on the Grand Rapids, which occurred last night at his home in this city was received with sadness by his friends on the road.

The gold watch raffled off among the employes of the machine department of the Pittsburg shop last night, was won by John Blank, and Johnie went home with his face wreathed in smiles.

The present month has been an unusually fatal one to trainmen on Indiana roads. Seven freight brakemen have been killed, thus far, one freight conductor, three firemen and two engineers.

There are quite a number of boys in the Bass foundry who are contemplating matrimony this fall and winter and the attention of real estate agents is called to this fact for every one of them wants a home of his own.

The contractors for the paving of Calhoun street, from the Nickel Plate railroad to the Pittsburg will commence the laying of cedar blocks on Monday morning, and this will require a large number of new workmen.

Will Noble, the popular clerk in the Bass works, it is said, will shortly bid adieu to his bachelor's ways, and although Will did take in our reporter on a big camphor story, we will wish him all the happiness imaginable in his new venture.

Fears are entertained that the roads of this country are about to enter into one of the fiercest and longest passenger-rate wars the country has ever known. The feeling is that unless the high officials of the road take the matter promptly in hand a war of unwieldy proportions will be inaugurated within the next thirty days.

The roads doing east-bound business out of Chicago last week forwarded 50,285 tons, an increase over the preceding week of 5,135 tons. The Pennsylvania lines carried but 20 per cent. of this business, the Vanderbilt lines 29.6 per cent., the C., I. St. L. & C. 4.5 per cent., while the Wabash and Grand Trunk ran ahead of their usual share.

There are enough miles of railroad in the United States to girdle the earth five and a half times. Over a half million of men are engaged in operating these roads. There are 30,000 locomotives, 20,000 passenger cars, and 874,000 freight cars in use in the United States. To couple and handle this enormous equipment is the herculean task of switchmen.

Grand Army men, we can fit you out complete for St. Louis.

THE NICKEL PLATE.

Meetings Held To-day at New York, Cleveland and Fort Wayne for Its Reorganization.

NEW YORK, Sept. 22.—The meeting of the stockholders of the New York, Chicago and St. Louis railway, which is re-organizing the Nickel Plate, was held here today. Its purpose is the consolidating of the present road with the Fort Wayne and Cleveland and State Line Companies, under the laws of the states through which they run, and the consolidation was effected without opposition. Meetings for the same purpose were held at the same time in Cleveland and in Fort Wayne in order to conform with the laws. The directors of the reorganized company will meet Wednesday, Sept. 28, to elect officers, and new securities of the company will be issued between October 1 and 16.

LOCAL NEWS.

Charley Ryan swung a new safe into the Keller Medicine manufactory today.

The police commissioners will award the contract for a new patrol wagon to Ben Baker.

The city hall committee of the council will meet this week to select a site for the proposed new building.

John Dennehy is charged, in the mayor's court, with insulting Mattie Day, on Grand street, last night.

The fire commissioners held a meeting at the second ward engine house last night and decided to buy a new hose cart.

Dr. Cary has filed a complaint in the mayor's court against Fred Filleran for herding cows in the Seventh ward, in the city limits.

Master Mechanic F. D. Casanave read a paper on "contract work in railroad shops" before the association of master mechanics at Chicago, yesterday, and attracted wide attention.

VERY SUDDEN

Occurs the Death of Miss Minnie Schumacher.

Miss Minnie Schumacher, daughter of a former janitor of the high school and the old First Presbyterian church, died very suddenly this morning of appoplexy, at her home, No. 134 Lafayette street. Miss Schumacher had not been ill at all, and in fact had not the service of a physician, so sudden was her taking off. The sudden death of the young lady will be a great surprise and shock to her friends. She was aged seventeen years and six months.

Dr. J. M. Dinnen, the coroner, tells us that Miss Schumacher was found dead in bed by her sister who was sleeping with her. He held an inquest.

The Superior Court.

Judge Chapin decided these cases today:

George Mays et al., vs. Hestella Johnson et al., suit in partition, the property found undividable and ordered sold. Benj. F. Harper appointed commissioner to sell.

Wm. Yergens vs. Francis Fitzgerald et al., judgment in favor of plaintiff, for the recovery of real estate and $153.00 damages.

Edward Ely, drainage commissioner, vs. Nathaniel B. Hogg, to foreclose ditch lien, was dismissed.

The rumor of a wreck west on the Pittsburg is unfounded. An engine left the track at Clark station Tuesday, hence the report of a wreck.

Mr. C. F. Taylor, of the *News*, went to Chicago this afternoon.

There is none better than Silver Age.

Last night two more United States mail sacks were found in a Wabash coal car. Two goverment inspectors are now in the city and are shadowing a Grand Rapids railroad employe, whom they suspect of robbing the mail pouches.

Notice.

The members of the Irish Benevolent Society are requested to meet at the Library Hall Friday evening, Sept. 23. at 7:30 o'clock, sharp, as business of importance will be transacted.

THE MOST SCIENTIFIC AND SUCCESSFUL BLOOD PURIFIER. Superior to quinine. Rev. Wm. Lucas, Rector Grace church, Ravenna, O., writes: "I cordially endorse Kaskine as being just what you claim, an excellent substitute for quinine, with none of its bad effects. Mrs. Lucas had a serious form of malaria, and was confined to her bed for months. Kaskine had her up and around in a few days, and in a short time cured her."

Living in the malarial districts of Maryland I became a victim of worst forms of malarial fever. I drugged myself with quinine and other remedies without avail. I was greatly reduced when I heard of Kaskine. Its curative powers were a medical revelation to me. It cured me and I have not had a return of the troubles. (Prof.) Z. D. Hird, B. A., Asst. A CAT gave berth to two kittens in a hen's nest in San Antonio, Texas. One of the oldest matronly fowls of the establishment, after a violent fight with the mother of the kits, drove her off and took charge of the young felines. The hen cuddles them to her breast, and when she clucks the kittens have learned to hover under her wings for protection.

A SUBMARINE tramway is to be constructed in Normandy. It will run along the sands between the waterplaces of Deauville, Villers, Cabourg, and Houlgate during the bathing season, from July to October. The rails will be pulled up for the winter. These sands are dry at low water, so there will be little difficulty in making the tramway, which is to be driven by steam.

THE HON. MILES C. MOORE, a well-known capitalist of Walla Walla, says that Eastern Oregon will this year have the largest wheat yield ever known, and adds: "The largest yield that I ever knew of personally was seventy-one bushels per acre for a field of thirty-two acres. The grower made affidavit before me as to these figures after the grain had been thrashed and the fields measured by competent surveyors. They tell of bigger yields along Snake River, and I have no doubt the statements are true, but seventy-one bushels per acre is the largest that ever came to my personal knowledge."

CHARLES DUDLEY WARNER seems to agree with George Frederic Parsons in exclaiming against the growth of materialism in America, and particularly among the young men. In a recent lecture on education, he said: "We need to have our education train young people so as to receive more integrity, a purer public life, and a disposition to get the best out of life, irrespective of material circumstances. The public school of to-day has shifted parental responsibility, and more and more teaches our young something 'practical.' The first outcome of this is superficiality. We are becoming material, and materialism is vulgarity. Plausible delusions and prevalent notions sweep away people whose mental faculties have not been trained to reason. Our public schools should keep morals and mental discipline always in view, and thus try to regain a little reverence in place of Yankee bumptiousness."

JOSEPH W. SAVAGE, of Railway, N. J., recently married Susan C. Pike, of Plainfield. The groom's father, ex-Mayor Savage, was married three times, the bride's twice. The latter's first wife was the daughter of the present groom's father's daughter by his first wife. The son just married was born of the second marriage, and became the husband of the daughter of Mr. Pike by his first marriage. Thus ex-Mayor Savage was Mr. Pike's brother-in-law; ex-Mayor Savage's daughter, by marrying Mr. Pike, became sister-in-law to her own father; young Joseph Savage, being the son of Mr. Pike's sister, is his nephew; being the half-brother of Mr. Pike's first wife, he is also his brother-in-law, and by his marriage last week to Mr. Pike's daughter became son-in-law. Thus Mr. Pike is uncle and brother-in-law to his son-in-law, and the recent bride, Mrs. Joseph W. Savage, is cousin and niece to her husband, and consequently her own aunt.

THE richest widow of Colorado was the wife of the late John W. Iliff, who was known some years ago as the cattle king of Colorado. Iliff left about 100,000 head of cattle, and it is said that his widow manages his estate as well as any business man could. She went to Colorado as a sewing-machine agent, though she came of a wealthy family and could have remained home doing nothing. She there met Iliff and married him, and we doubt not the experience she obtained in connection with the sewing machine aids her in the management of her fortune. Speaking of cattle, there is a cattle queen in Texas, near Corpus Christi—Mrs. Rogers—said to be worth $1,000,000, and who has many times as much stock as Job had in his most prosperous days. Her husband is a preacher, but Mrs. Rogers manages the business. She sells the stock herself, buys all the supplies, and can ride a horse as well as any of the many cowboys whom she has in her employ.

JOEL BENNETT, of Hall County, Georgia, is now in his 74th year, and is as hale and hearty as many a man of 50. Mr. Bennett says that he has not failed to follow the plow every season since he was large enough to hold up the plow-handles. He has never worn his shirt with the collar buttoned in sixty years; has never missed a meal of victuals on account of sickness in forty years, and has not gone to bed without a chew of tobacco in his mouth in thirty years. He has made a fine crop this year, and bids fair to make many more.

THERE is a firm in Philadelphia which paints pictures by the yard. The work is simple. A piece of canvas nearly one hundred feet long is stretched in a gallery shaped like a corridor. On each picture, which, by the way, costs $4.50, five men were employed. Each man had his particular line. One put in the foreground, another the background, and still another did the clouds and cows that you see browsing in the pasture. A fourth man did the trees and shrubbery. In this way they were enabled to work fast. In exactly three hours five of those landscapes were finished, which is thirty-six minutes' time given to each. The fifth man did the finishing touches, and perhaps performed more and better work than any of the others.

THE whole field for acres around the bridge over Little River, in Wilkes County, Ga., is literally covered with flint arrow and spear heads, stone tomahawks, maces, battle-axes, and almost every instrument of crude Indian warfare. Besides these are found many domestic articles, as mortars and pestles for mashing corn, pots hewn out of solid stone, and broken vases carved in rare and curious designs. These relics were washed down from a neighboring hill by the late freshet and scattered over the field. On the top of this hill, where the village was supposed to have been, was found a large pile of broken and defective arrowheads which seemed to mark the spot where some old arrow-maker had his shop, making arrows for his tribe and receiving in return deer, bear, and other such game as the forest afforded.

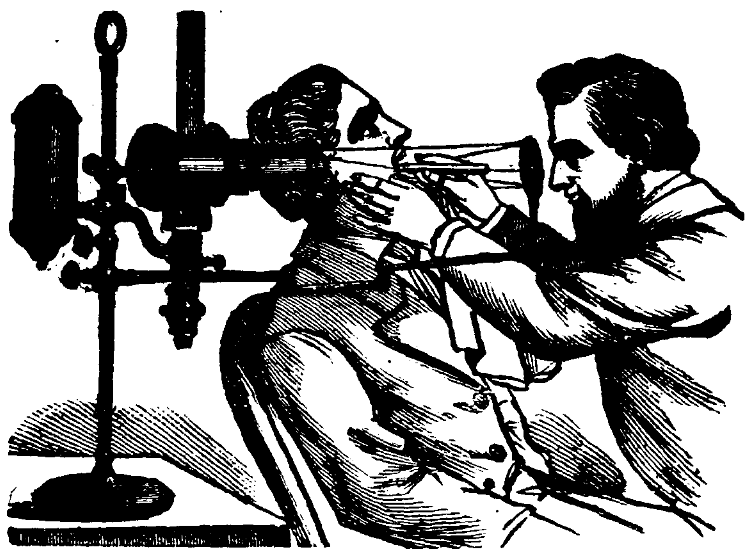
The Celebrated German Specialist in Chronic Diseases of the Eye and Ear, by request of many friends and patients, will make a returnvisit to Fort Wayne, Ind., Wednesday and Thursday, October 19 and 20. Consultation and examination free and confidential at his parlors at the Robinson House from 9 a. m. to 9 p. m. Two days only.

THE FRANCE MEDICAL & SURGICAL INSTITUTE.

INCORPORATED 1886. CAPITAL, $300,000.00.

TELEPHONE 862. No. 30 WEST GAY STREET, COLUMBUS, O. TELEPHONE 862.

Established for the Treatment of all forms of CHRONIC DISEASES, and DISEASES of the EYE and EAR. Also, PRIVATE DISEASES.



The France Medical Institute's Laryngoscopic examination of the Throat in Deafness, Catarrh and Diseases of the Bronchial Tubes, by which means Naso-Pharyngeal Space, Posterior Nares, Eustachian Tubes, Epiglottis, Vocal Cords, Larynx, Trachea and Bronchial Tubes are plainly visible.

The France Medical Institute's method of examining the anterior half of the Eye-Ball by oblique illumination with their powerful American Lenses, enabling them to see accurately the appearance of the Cornea, Iris, Pupil, Lens and anterior portion of the Vitreous Humor, and detect foreign bodies, delicate false Membranes, minute deposits upon the Iris and Capsules of the Lens, and the slightest Nebula of the Cornea, which could not possibly be brought to view in any other manner.

DR. FRANCE, of New York, the well known and successful Specialist in Chronic Diseases and Diseases of the Eye and Ear, on account of his large practice in Ohio, has associated himself with D. OTHO FRUTH, M. D., the celebrated German Specialist, of New York, who has resigned his position in the Provident Medical Dispensary to take charge of the *France Medical Institute*, where all forms of *Chronic, Nervous and Private Diseases will be successfully treated on the most Scientific Principles.*

A FAIR PROPOSITION.—Intelligent people, the world over, when the reason is appealed to and prejudice is laid aside, can always be relied upon to reach a correct conclusion in any matter that may be presented to them. It is in this way Dr. France, the founder of the France Medical Institute, at No. 30 West Gay stteet, desires to meet the public, and discuss the manner in which he undertakes to cure chronic diseases. He places his propositions in this wise: Are you accustomed to think and act for yourself? If so, then do not heed the counsel of skeptical and prejudiced friends, or jealous physicians, but listen to what we have to say. You perhaps know nothing of us or our system of treatment, or of the business methods we employ. You may imagine, but you know nothing of our facilities and advantages of perfecting cures in cases beyond the reach or aid of the general practitioner. Knowing nothing, then, of all these advantages, you still know as much as the would-be friend or physician, who never loses an opportunity to traduce and misrepresent us, and prejudice the afflicted against us. We wish to add further that we are responsible and invite you to come and visit our institution; and if you find on investigation that we have mistated or misrepresented in any particular, our institution, our advantages or our success in curing Chronic Diseases, we will gladly bear the expense of your trip. We court honest, sincere investigation, and are glad and anxious to show interested people what we can do and are doing for suffering humanity. Can a proposition be plainer? Can an offer be more fair and business-like? If, therefore, you are afflicted and are seeking relief, come where genuine ability is a ruling feature, where success is our watchword and the alleviation of human suffering our mission.

They adopt the following plan, which is peculiar to the large hospitals, and is not and never has been the practice of country doctors, viz: They carefully note the symptoms of the patient, ascertain the conditions of the internal organs, examine Eye, Ear and Throat by the most recent and approved instruments and methods, all of which they carefully record in their register for future reference. In this way they ascertain the true nature of the disease and its cause. Knowing the disease, they know the changes it produces in the tissues, and, knowing the changes, they check them with specific remedies, and place the patient on the high road to recovery. When sick people consult them they readily tell them whether they can cure or help them, or if they are beyond hope.

The examinations are in accordance with anatomical and physical science, and they will convince the most skeptical. By an examination they will convince any one of the nature and extent of disease, amount of danger to life, and chance of a perfect cure. Believing that science is truth, and "truth is mighty and will prevail" when known, and knowing that disease can be cured, with positive certainty, they invite the afflicted to call and receive advice free and be cured of their diseases.

There is no subject that requires so much study and experience as the treatment and cure of Chronic Diseases. The astounding success and remarkable cures performed by them are due to the long study of the constitution of man, and the cure of diseases by natural remedies. Let those given up by others call for examination. They have successfully treated the following diseases since their arrival in this State; Eye and Ear Diseases, Chronic Diarrhœa, Chronic Inflammation of the Womb, Chronic Inflammation of the Bladder, Painful or Irregular Menstruation, Fever Sores and Ulcers, Incontinence of Urine, Tape Worms, Crooked Limbs and Enlarged Joints, Spinal Curvatures, Club Foot, Hip Joint Diseases, White Swelling, Discharging Abcesses, Sterility or Barrenness, Nervous and General Debility, Prostration and Impotency, Disease of the Kidneys and Bladder, Leucorrhea or Whites, Blotches and Pimples, Skin Diseases, Dyspepsia, Constipation, Dropsy, Cancer, Epileptic Fits, Erysipelas, Gravel, Goitre, Gleet, Gonnorrhæa, Hydrocele, Heart Disease, Liver Disease, Headache, Piles, Hysteria, Syphillis, St. Vitus Dance, Chronic Dysentery, Enlarged Tonsils, Fever and Ague, Fistula in Ano, Hernia or Rupture, Ovarian Tumors, Paralysis or Palsy, Prolapsus Uteri, Bronchitis, Asthma, Catarrh, Scrofula, Consumption, Chronic Cough, Female Weakness, Spermatorrhœa, Rheumatism, etc.

CURING OF PILES GUARANTEED.—Will give $1,000 for any case of failure. No money required of responsible parties.

YOUNG MEN—Who have become victims of solitary vice, that dreadful and destructive habit, which annually sweeps to an untimely grave thousands of young men of exalted talent and brilliant intellect, may call with confidence.

DR. FRANCE—After years of experience, has discovered the greatest cure known for weakness in the back and limbs, involuntary discharges, impotency, general debility, nervousness, languor, confusion of ideas, palpitation of the heart, timidity, trembling, dimness of sight, or giddiness, diseases of the head, throat, nose or skin, affections of the liver, lungs, stomach, or bowels—those terrible disorders arising from the solitary vice of youth—and secret practices, blighting their most radiant hopes or anticipations, rendering marriage impossible. Take one candid thought before it is too late. A week or month may place your case beyond the reach of hope. My method of treatment will speedily and permanently cure the most obstinate case and absolutely restore perfect manhood.

TO MIDDLE-AGED MEN.—There are many from the age of 30 to 60 who are troubled with frequent evacuations of the bladder, often accompanied by a slight burning or smarting sensation, weakening the system in a manner the patient cannot account for. On examination of the urinary deposits a ropy sediment will be found, and sometimes small particles of albumen will appear, or the color will be a thin or milkish hue, again changing to a dark or torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is a second stage of seminal weakness. We will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

PRIVATE DISEASES—Blood Poison, Venereal Taint, Gleet, Stricture, Seminal Emissions, Loss of Sexual Power, Weakness of Sexual Organs, Want of Desire in Male or Female, whether from imprudent habits of youth or sexual habits of mature years, or any cause that debilitates the sexual functions, speedily and permanently cured. Consultation free and strictly confidential. Absolute cures guaranteed. No risks incurred. Correspondence promptly answered, and medicines sent free from observation to all parts of the United States.

DISEASES OF WOMEN.—We have a special department, thoroughly organized, and devoted exclusively to the treatment of diseases of women. Every case consulting our specialist, whether by letter or in person, is given the most careful and considerate attention. Important cases (and we get few which have not baffled the skill of all the home physicians) have the benefit of a full council of skilled specialists. In treatment of diseases peculiar to females, our success has been marked, over two-thirds of our patients being ladies, old, young, married, single, rich and poor. Our method is entirely free from objectionable features of the general practitioner, namely, "Local treatment." We seldom find it necessary. We prepare remedies, constitutional and local, as the case demands, and instruct ladies how to treat themselves.

EPILEPSY, OR FITS—Positively cured by a new and never-failing method.

To Whom it May Concern: We, the undersigned, do cheerfully and conscientiously recommend Drs. France and Fruth as gentlemen of rare professional ability, ripe in judgment, humane to a fault, considerate in price, and enthusiastic for the relief of their fellow men, and we therefore urge the afflicted to avail themselves of their superior skill.

Granville M. Weeks, M. D., L. L. D., President Provident Dispensary, N. Y.; T. Merideth Maxwell, A. M., M. D., N. Y.; Orvin Pomeroy, M. D., N. Y.; V. M. Davis, M. D., N. Y.; W. F. White, A. M., M. D., Toronto, Canada; F. H. Rorick, M. D., Chicago, Ill.; Dr. Gardner, Painesville, O.

Also, Farmers' National Bank, Findlay, O.; First National Bank, Fostoria, O.; Second National Bank, Bucyrus, O.; Fourth National Bank, Columbus, O.

FREE EXAMINATION OF THE URINE.—Each person applying for medical treatment should send or bring from 2 to 4 ounces of urine, which will receive a careful chemical and microscopical examination. Persons ruined in health by Unlearned Pretenders, who keep trifling with them month after month, giving poisonous and injurious compounds, should apply immediately.

WONDERFUL CURES Perfected in old cases which have been neglected or unskillfully treated. No experiments or failures. Parties treated by mail and express, but where possible, personal consultation is preferred. Curable Cases Guaranteed. List of questions sent free. Address, with postage,

DR. FRANCE. No. 30 West Gay Street, Columbus, O.

A Boon

To mankind, said a member of the State Medical Society of Ga., at one of its meetings, "and the prescription ought to be given to the medical fraternity for the benefit of the Profession, for no such combination exists in the Pharmacopea as that of Simmons Liver Regulator." The late THOS. H. POWERS, of Philadelphia, America's greatest chemist, asserted "it was like the discovery of Dover, in his celebrated Dover's Powder, it could not be improved and it was wonderfully strange that the combination had never been made in an officinal form."

L. M. HINTON, M. D., Washington, Ark., says: "No other remedy within my knowledge can fill its place. I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would, like Simmons Liver Regulator, promptly and effectively move the Liver to action and at the same time aid (instead of weakening) the digestive powers."

Symptoms such as bitter or bad taste in the mouth; pain in the back, often mistaken for Rheumatism; sour stomach; loss of appetite; bowels alternately costive and lax; headache; loss of memory, with a painful sensation of having failed to do something which ought to have been done; debility; low spirits; a thick yellow appearance of the skin and eyes; a dry cough often mistaken for Consumption, indicate Liver disease, and if not regulated in time great suffering, wretchedness and death will often ensue.

$500 REWARD

is offered by the manufacturers of **Dr. Sage's Catarrh Remedy,** for a case of Chronic Nasal Catarrh which they cannot cure.

SYMPTOMS OF CATARRH.—Dull, heavy headache, obstruction of the nasal passages, discharges falling from the head into the throat, sometimes profuse, watery, and acrid, at others, thick, tenacious, mucous, purulent, bloody and putrid; the eyes are weak, watery, and inflamed; there is ringing in the ears, deafness, hacking or coughing to clear the throat, expectoration of offensive matter, together with scabs from ulcers; the voice is changed and has a nasal twang; the breath is offensive; smell and taste are impaired; there is a sensation of dizziness, with mental depression, a hacking cough and general debility. Only a few of the above-named symptoms are likely to be present in any one case. Thousands of cases annually, without manifesting half of the above symptoms, result in consumption, and end in the grave. No disease is so common, more deceptive and dangerous, or less understood by physicians.

By its mild, soothing, and healing properties, Dr. Sage's Catarrh Remedy cures the worst cases of **Catarrh, "cold in the head," Coryza, and Catarrhal Headache.**

Sold by druggists everywhere; 50 cents.

"Untold Agony from Catarrh."

Prof. W. HAUSNER, the famous mesmerist, of *Ithaca, N. Y.*, writes: "Some ten years ago I suffered untold agony from chronic nasal catarrh. My family physician gave me up as incurable, and said I must die. My case was such a bad one, that every day, towards sunset, my voice would become so hoarse I could barely speak above a whisper. In the morning my coughing and clearing of my throat would almost strangle me. By the use of Dr. Sage's Catarrh Remedy, in three months, I was a well man, and the cure has been permanent."

"Constantly Hawking and Spitting."

THOMAS J. RUSHING, Esq., *2902 Pine Street, St. Louis, Mo.*, writes: "I was a great sufferer from catarrh for three years. At times I could hardly breathe, and was constantly hawking and spitting, and for the last eight months could not breathe through the nostrils. I thought nothing could be done for me. Luckily, I was advised to try Dr. Sage's Catarrh Remedy, and I am now a well man. I believe it to be the only sure remedy for catarrh now manufactured, and one has only to give it a fair trial to experience astounding results and a permanent cure."

Three Bottles Cure Catarrh.

ELI ROBBINS, *Runyan P. O., Columbia Co., Pa.*, says: "My daughter had catarrh when she was five years old, very badly. I saw Dr. Sage's Catarrh Remedy advertised, and procured a bottle for her, and soon saw that it helped her; a third bottle effected a permanent cure. She is now eighteen years old and sound and hearty."

The Very Best That Can be Made

T. B. AUSTIN,

NO. 7 EAST MAIN STREET.

Luxury Run Wild.

I was in an up-town haberdasher's shop, says a correspondent of the Boston *Advertiser*, and in the course of a half hour's conversation I learned considerable about the personal decorations of the dude. A modest request to look at some *robes de nuit* was what startled the shopkeeper. He took a glance at my golden locks and produced a box, remarking:

"Here is something which will suit your complexion."

It suited my complexion better than it did my pocket-book. It was made of a fawn-colored Chinese silk, very soft, and elaborately embroidered in light blue. A delicate tracery of blue vines and flowers ran around the collar, down the cuffs, and it was made to button with gold studs.

"This is a very simple pattern," remarked the gentle haberdasher, "and costs only $6. Here is a more elaborate style for $12," and he brought out a garment of rather finer material, simply covered with embroidery. I mildly insinuated that I wanted something for about $1.50. He looked unhappy for a moment, but recovered when he began to show me some silk underwear for $15 a set, and purple silk hose for $5 a pair. From underwear we get to shirts, pajamas, and "blazers." The styles were unique and glaring.

"Do men really wear these things?" I inquired innocently. He gazed at me pityingly.

"Do you know what it costs to dress a fashionable young man?" he asked. I mean simply for underclothing," he added. "To begin at the bottom, he needs, say, a dozen pairs of socks, at from $4 to $6 per pair. His half-dozen sets of silk underwear will cost him about $15 a set. His shirts will cost him $25 a dozen, and his collars and cuffs, of which he needs a good many, with his neck-ties, will cost as much more. Tennis shirts, long stockings, blazers, etc., etc., will run up, in a summer season, to a couple of hundred dollars. Yes," he added, meditatively, "a young man needs about $500 to get his summer outfit, not counting his tailor's and shoemaker's and hatter's bills, which will amount to as much more. Of course his fall and winter outfits are more expensive."

"How much a year does it cost to dress properly?" I asked.

"I have customers who spend $5,000 a year on their clothes, and they are by no means extravagant," was the prompt reply.

The Union Jack.

The red cross of St. George was the national flag of England until the accession of James I. The combination of the crosses of St. George and St. Andrew produced the first union jack in 1606. It symbolized the union of England and Scotland. The second union jack, the "meteor flag of England," was established by royal proclamation on the first of January, 1801, when Ireland became an integral part of the United Kingdom, her union with England and Scotland being symbolized by the insertion of St. Patrick's Cross in the existing flag. Properly speaking, St. Patrick's "Cross" is an incorrect statement. The Irish Cross seems derived from Constantine's famous standard, the Labarum—an emblem which the early Irish Christians seem to have known and esteemed. The Fitzgeralds bore a red diagonal cross on a white ground from early times, and as early as 1719 this was spoken of as the flag of Ireland. It was sufficiently national to be regarded as such in 1801, and was combined, as we have said, with the saltire or white diagonal cross of St. Andrew already in the union. These two are counter-charged; the white, as representing the senior member, is uppermost in the first quarter; the red is edged with white as a fimbriation. This explains why the red cross of Ireland is narrower than the white cross of Scotland. The white border of St. George's Cross has always been officially ordered to be one-third of the width of the cross itself; this border is not intended as a fimbriation; it is really a white cross underlying a red cross one-fifth of the width. It is strange to think that this "white border" of our present union jack is most probably a direct result of the battle of Agincourt in 1415. This white cross was almost certainly the French color adopted into the English flag during the minority of Henry VI. The term "jack," applied to the flag, is considered by some to be an abbreviation of King James' signature, "Jac." But a more probable derivation is that the surcoat worn over a trooper's armor was called a "jacque," and this in the middle ages was usually emblazoned before and behind with the re-cross of St. George.

Are Corsets Beneficial?

More men die of consumption than women, and it has been attempted to explain this by supposing that corsets help to maintain a healthful condition of the lungs because they restrain abdominal breathing and compel chest or rib breathing, causing a better ventilation of the upper portion of the lungs, or those two apices of the lungs which might be called attics where dust accumulates and decay begins, but if corsets do have any beneficial effect in this way it is probably more than counter-balanced by the evil effects of their compression of the vital parts below the diaphragm. The stomach, liver, and spleen are organs no less important than the lungs, and to crowd them out of place or impair their functions by tight corsets will inevitably produce diseases as serious as consumption. As there is often a spirit of good in things evil, corsets may not be an unmitigated nuisance, and indeed much depends upon the style and how they are adjusted, but the more they are so adjusted as to compel chest breathing, the more certain they will be to produce disaster somewhere below the chest. The best way to induce chest breathing and ventilate every portion of the lungs is by rapid exercise or by enforced deep respiration practiced once or twice daily.—*Dr. Foote's Health Monthly.*

Endorsement of a Leading Physician.

"I have used Darby's Prophylactic Fluid extensively as a disinfectant and deodorizer, and find it an admirable preparation. Whenever there are offensive discharges from wounds, abscesses, etc., it is wonderful in its action. I consider it the best preparation I know as a gargle in diphtheria and scarlet fever."

J. CRESWELL LEWIS, M. D., Phila.

I have been bothered with catarrh for about twenty years; I had lost sense of smell entirely for the last fifteen years, and I had almost lost my hearing. My eyes were getting so dim I had to get some one to thread my needle. Now I have my hearing as well as I ever had, and I can see to thread as fine a needle as ever I did, my sense of smell is partly restored, and it sems to be improving all the time. I think there is nothihg like Ely's Cream Balm for catarrh —Mrs. E. E. Grimes, 67 Valley St., Rendrill, Perry Co., Ohio.

FRUIT HOUSE PRICES FOR '87

Quite a change has taken place in a great many goods the last sixty days, the tendency being in most cases upwards. This is the case, especially in Coffee and Dried Fruits, Sugars, Teas, Syrups, Spices and Tobaccos, have not advanced, but from indications they will. It will pay our customers to purchase liberally.

Sugars—White and Yellow.

Yellow C Sugar, 6c. Standard A Sugar, 7c. Granulated Sugar, 7¼c. Powdered Sugar, 7½c. Cut Loaf Sugar, 7½c.

NO ADVANCE ON TEAS,

Yet they will not likely remain at such low prices in the face of the large advance on Coffee. We continue to maintain our prestige in the Tea trade. Our trade has grown immensely in that line. People have no longer to send off to purchase their Teas. In order to save money we keep up the plan of buying in large lots of the importers and re-selling direct to our customers at a small profit, thereby saving to our customers the intermediate profits of jobber and wholesale dealer—which is not less than 10 to 20c.

Good, 15c per pound; choice, 30c; best, 50c. Imperial tea—Green, good, 30c; best, 50c, Gunpowder tea, 30c; best, 50c. Oolong or Black tea, 20c, 30c; best, 50c; Japan tea, 20c, 30c; best, 50c. Above prices on teas are the lowest on record and the best teas are of the highest quality—no better anywhere—the other grades are good, sweet, drawing teas and will please the most fastidious tea drinkers. Just give them a trial and satisfy yourself.

Coffee—Rio, Java and Roasted.

Best Rio coffee, 20c, per pound; best roasted Rio, 24c per pound; German coffee, 26c per pound; Housekeepers' Choice, 28c per pound; Dannemiller's, 26c. per cent.

Foreign and Domestic Fruits, Prunes, Raisins, Currents, &c., &c.

Turkish prunes, 5c; figs, per pound, 10c; peeled peaches, 20c; dried cherries, 18; unpeeled peaches, 8c; dried raspberries, 30c; dried apples, 6c; dried blackberries, 15c.

Leghorn Citron, 22c; orange and lemon peel, 15c; Valencia raisins, 8c; bes layer raisins, 12½c; Zantee currants, 8c; shelled almonds, 30c; seedless raisins, 10c.

Candies—Stick, Mixed and Bon Bons.

Pure stick candy, 10c; pure mixed candy, 10c; fancy toy candy, 20c, toy candies, 20c; Brazil nuts, 10c quart; almond nuts, 15c quart; mixed nuts, 15c quart; walnuts and filberts, 12½c quart.

Syrups---Maple and Sugar Syrups and New Orleans Molasses.

Pure Maple syrup, 70c a gallon; golden drips, 40c; Sorghum, 40c; New Orleans molasses, 35c; best, 40c. The sorghum is splendid and 10c lower than we ever sold it before.

WINES AND LIQUORS FOR MEDICAL PURPOSES.

Old 76, $2.50 per gallon; two years old, $1.75; one year old, $1.40 per gallon; new whisky, $1 and $1.25 per gallon; Port and Sherry wine, $1.25 per gallon; California wine, $1.25 per gallon; wines in bottles, 40c.

Machine Oils, Fish Oil, Lard Oil and Neatsfoot Oil, and Headlight Oil and Castor Oil.

Fish oil, per gallon, 70c; Neatsfoot oil, 80c per gallon; Lard oil, 70c per gallon; Machine oil, dark, 20c per gallon; Golden, 30c per gallon; Castor oil, $1.75 per gallon; Headlight oil, 12c per gallon.

Tobaccos and Cigars, Plug Tobacco, Smoking Tobacco and Fine Cut.

Bull Dog plug tobacco, 40c; Durham plug, 50c; Perfection plug, 35c; Hiawatha plug, 30c; Knights of Labor plug, 30c; Sweet Heart plug, 50c per pound. Fine cut, 30c, 50c; best, 75c per pound. Smoking, 18c, 20c, 25c; best Durham, 45c per pound. Choice cigars, $1.50 per box; good cigars, 60c and $1 per box.

Prosecutor-elect Robinson will have an office in the court house when he assumes control of the pleas of the state. The new officers are lucky, because the county commissioners never could be induced to provide such facilities for former public servants.

There was another important meeting of the promoters of the People's Gas company at the Exchange rooms last night. There will be a final meeting to-morrow night and Saturday night a mass meeting will be held for the First ward, to be addressed by Professor Deidrich and others.

J. M. Gilbert, of the Gilbert Comedy Co. is in the city hustling in the interests of his company, which appears at the Academy all of next week. A feature of his attraction is a military band, which will make a grand street parade daily. There are twenty-five people in the organization.

George Miner, for many years a passenger conductor on the Grand Rapids and Indiana road, died at his late residence on South Broadway, last evening at 8 o'clock. The deceased was thirty-nine years of age, and was long a sufferer with consumption. He leaves a little boy of six years. Notice of the funeral will be given later.

Chancellor J. F. Lang to-day brought in from the asylum at Renssalear, an excursion party of forty sweet-faced little children, via the Wabash line, and lodged them in the elegant Catholic Orphans' Home, on the north side. The little ones are overjoyed to get into the new building provided for them, and their prayers will ever go up to heaven for their benefactors. The asylum will be dedicated next Sunday morning, but of this THE SENTINEL will speak hereafter.

Dr. C. B. Stemen returned home last night, and is the picture of health, his foreign tour having agreed with him wonderfully. The doctor says that his election to the presidency of the National Association of Local Methodist Preachers, at Harrisburg, Pa., yesterday, is of much local importance, because it promotes the work of endowing the M. E. College in this city. The association decided on the appointment of a general financial agent to have charge of the work, but he has not been chosen as yet.

1,250 fall overcoats now in stock. We are early, but we always look out for our patrons.
eod SAM, PETE & MAX.

B. F. Moffit, of Auburn, is in the city.

Miss Ama Bond is visiting friends in Marion.

Dr. W. H. Meyers is attending Engineer Gleen.

W. A. Cook, the editor of the Roanoke *Times*, is in the city to-day.

The Pittsburg passenger trains from the east were all late to-day.

The mayor fined three drunkards this morning and two of the municipal offenders paid up.

Jame Curry, a Wabash switchman, was caught between the cars last night, and badly bruised about the head.

Many of the merchants took advantage of the wet weather and dull trade this morning to give their show windows a cleaning.

Mr. J. H. Hoffman sends THE SENTINEL a complimentary ticket to the Noble county fair to occur at Ligonier October 11 to 14.

Hon. Montgomery Hamilton tells us that the Pennington works continue to book orders from all parts of the country. This is destined to be a great industry.

The Wabash *Times* says: "Miss Edith Sweetser, of Marion, and Miss Ama Bond, of Fort Wayne, were in the city a short time Tuesday, en route to Marion."

The coming fair and festival in the interest of the new Y. M. C. A. building is an assured success. All of the committees are in high glee over the encourgement they are receiving on every hand.

The county commissioners adjourned this morning. They awarded to H. C. Paul the contract to build the foundation for the Spy Run avenue bridge. They made no provision for the iron work or super-structure.

The Hamilton National bank leased ten of their safety vault boxes yesterday. They have five more applications under consideration. Every lessee must be known to the bank people and enjoy a character beyond reproach.

The Criterion Opera company presented the "Chimes of Normandy" at the Academy last night to the largest house of the week and made a great hit. The work of Milton Aborn, as "Gaspard" has never been surpassed in the city and he was frequently encored. The interpretation of the Mexican adventurer by Mack Charles brought down the house. He is posessed of a sweet tenor voice of strong volume and has made himself a great favorite with the public. Lucille Merideth was as sprightly and vivacious as ever and received her share of applause. The chorus has been strengthened and is much stronger now than when the company made its first appearance. To-night that popular opera "The Mikado" will be presented and judging from the large advance sale the house will be crowded.

Who has ticket No. 2384? It entitles the holder to the valuable city lot, presented by Messrs. Sam, Pete & Max, the popular clothiers. eod

It may be that the rain to-day was the great storm that was predicted by Professor Wiggins.

Miss Della Boles, an unfortunate girl, was taken from the poor house by her mamma, this morning. Della used to be a boarder at the Oliver house and her home is at Shiloh, Ohio.

Engineer Glenn, who was injured in the collision this morning, was one of the survivors of the Eleventh Indiana battery and was prevented from meeting with his old comrades Tuesday by the terrible dynamite explosion at Forest, Ohio.

THEY WANT BLOOD.

The Friends of the Chicago Anarchists Want What They Ask for, or Blood —Another Bomb Found.

CHICAGO, Sept. 22.—The policemen found a gas pipe bomb at the Cottage Grove avenue car barn on, Thirty-ninth street, at 1 o'clock this morning. It was ten inches in length and two inches in diameter and was enclosed in an ordinary sized starch box and had the clock work attachment for exploding.

CLEVELAND, O., Sept. 22.—About 250 anarchists met at a down-town hall last night and protested against the execution of the seven condemned Chicago anarchists. They spoke in German and were in favor of blood, if everything else failed.

PARSONS DEFIANT.

CHICAGO, Sept. 22.—A. R. Parsons, the condemned anarchist, sent for a reporter yesterday and gave out for publication a long document addressed "To the American People," and made a special request that it be published without alterations. He quotes at length the evidence and rulings of the supreme court; says the speeches credited to him in the trial are garbled extracts by excited and imaginative newspaper reporters; that his Haymarket speech did not incite the riot, and there was no connection between the speeches and the death of Officer Degan. He says the evidence did not show him guilty, but proved his innocence; that he had been convicted as an anarchist and not as a murderer. He came and gave himself up for trial, and appeals to the American people to avert the awful crime of judicial murder. As between capital and its legal rights, and labor and its rights, the courts must decide with the capitalistic classes. To appeal to them would be an appeal of a wage slave to his capitalistic master for liberty. If I had never been an anarchist before, my experience with the courts and laws would make an anarchist of me now. I appeal not for mercy, but for justice." After again saying he will not accept a commutation of sentence, he closes by quoting the language of Patrick Henry: "Give me liberty, or give me death."

CINCINNATI, Sept. 22.—Socialists last night requested the central executive of the union labor party to intercede in behalf of the Chicago anarchists. The vote was taken by wards and the request was refused by a large majority.

The Fisheries.

TORONTO. Ont., Sept. 22.—The department of fisheries is advised that up to date ten Behring Sea sealers have eluded the United State's cutter "Rush" and arrived at Victoria, B. C. The total catch is reported to be 10,046 skins by Canadian vessels, and 2,539 skins landed in British Columbia by the American schooners. At $6.50 per skin the value of the catch reaches over $140,000.

Robbed of $4,500.

CHICAGO, Sept. 22.—P. R. Scott, jr., son of ex-Govenor Scott, of Arkansas, reported to the police yesterday, that he had been robbed of $4,500 in notes, and $500 in money. He had sold his interest in his business in Kansas, and arrived Tuesday on his way to Napoleon, Ohio. He went to the theater, and on returning to the hotel, found that his pocket had been picked.

Insane Asylum Burned.

JACKSONVILLE, Ill., 22.—Shortly after 12 o'clock, yesterday, Oaklawn retreat, a private hospital for the insane, near the city, was burned to the ground. Loss $225,000. For a time there was a scene of wild confusion. The patients ran to and fro over the grounds of the retreat and nothing could be done to restrain them.

Hon. E. B. Washburne.

CHICAGO, Sept. 22.—Hon. E. B. Washburne, formerly United States minister to France, was taken with congestion of the brain to-day, and now lies in a serious condition at the home of his son. Dr. McArthur says there is no danger of immediate death, although his condition is serious.

Died from His Wounds.

GETTYSBURG, Pa., Sept. 22.—Orros Gresso, of the Ohio National Guards, who was wounded by the discharge of a cannon at the dedication of the Ohio Memorial on the 18th, died to-day.

CONFESSES HIS GUILT

The Murderer of the Woolfolk Family Confesses to the Crime and Implicates Others in It.

ATLANTA, Ga., Sept. 22.—Jack Debose, the negro arrested on suspicion of murdering the Woolfolk family at Canton, has confessed his guilt. His motive was revenge for the ill treatment given him by Capt. Woolfolk. Debose claims he did not actually kill the people, but three negro accomplices entered the house and committed the butchery, while Debose watched outside. He says he saw Tom Woolfolk jump from the window and run for his life. Tom, who has been under arrest for the crime, will doubtless be released.

Foreign News.

LONDON, Sept. 22.—Mr. Michael Davitt sailed for Queenstown to-day, for New York on the White Star line Britannic. Davitt says his visit is of a private nature and will be short.

The British steamer Romeo, Capt. Williams, from New Orleans August 30, for Rouen, grounded at Villeginer and capsized. An engineer and a fireman were drowned and five of her crew and passengers are missing.

LONDON, Sept. 22.—A troop of Hussars, detachment of artillery and police have arrived at Mitchellstown. Magistrate Eaton has issued a proclamation prohibiting the holding of any public meetings during the sitting of the police court, and states that any meetings held in violation of this proclamation will be forcibly dispersed. A public meeting is being arranged to hear addresses from Mr. Dillon and Mr. Cowden and a conflict is feared if the nationalists persist in carrying out their instructions.

A Theatrical Collapse.

AURORA, Ill., Sept. 22.—For several days past the bill boards of this city have been covered with flaming sheets announcing the appearance of a Chicago man named A. E. Geismardo in a play called "A Wronged Man." Geismardo was down on all the bills as "author and actor." This city was the first place made, and will probably be the last. He returned to Chicago and said he would go no further on the road, although he was billed for Elgin this evening, and Galena to-morrow. Most of the company also went back to the city. Geismardo claimed to have lost $7,000 in the venture, and if he did not some one else did, for the bills, costumes, properties, etc., were gotten up regardless of expense.

A Big Loan.

NEW YORK, Sept. 22.—A report was circulated on the street to-day to the effect that a loan of from $8,000,000 to $10,000,000 is about to be made by a third mortgage upon the property of the Northern Pacific Railroad company, the loan to be for forty years at 5 per cent. Mr. Villard, it is said, would place the loan in Germany at 95 per cent. Mr. Villard was out of town to-day and a direct confirmation or denial from him could not be obtained.

Mrs. John A. Logan.

SPRINGFIELD, Sept. 22.—Mrs. Logan has almost entirely recovered from the painful accident she recently sustained. She hopes to complete arrangements soon for the removal of her husband's remains to Chicago. The vault in which they are now resting in Rock Creek church cemetery is still guarded by a detail of United States soldiers, night and day.

Dynamite for Cuba.

KEY WEST, Fla., Sept. 22.—A car load of dynamite, enough to blow up Havana, was discovered hidden in the woods near this city yesterday. The discovery has created intense excitement; proving that the plot against Cuba is much more formidable than at first supposed. A little dynamite was found here immediately after Agueros' expedition.

A Boy Thief.

Officer Jesse Patton arrested Joe McDermut, a young boy, for stealing fifty pounds of lead pipe from J. F. Wm. Meyers' residence, on West Washington street. McDermut sold the pipe to M. Diehl & Co. for $1.50. McDermut is an orphan, who was adopted by John Carroll, the plasterer. He has been at the reform school twice and probably knows something of the robbery of Diehl's store. The mayor bound him over in the sum of $300.

The Gas Well a Good One.

Secretary Ed. Craw, of the People's Gas and Pipe Line company, said at noon that their gas well on the Peltier farm was sufficiently strong to furnish fuel for the poor house and the Esmond Flouring mill. The company have decided to neither "shoot" or sink the well deeper, preferring to case the present hole and sell the gas. They have sold the water from the well to J. C. Peltier.

They have used $4,000 of their stock on the explorations up to date. They will collect $7,000 now, the extent of their capital stock, and sink four additional wells out in that direction, believing there is gas in the vicinity in abundance.

The consolidation of the Nickel Plate road was affected under the state laws at the office of Bell & Morris this morning. Hon. R. C. Bell, solicitor for the company, voted a mammoth block of stock for W. K. Vanderbilt and other owners, while the local directors voted other shares sufficient to control the corporation. There were a number of foreign capitalists at the meeting.

THE FLYERS MEET.

The Vestibule Limited Express Runs Into an Extra Postal and Express Train—The Engineers Hurt.

The Pittsburg, Fort Wayne and Chicago railway broke its safety record again this morning at 3 o'clock.

At the west switch, near Elida, Ohio, the incoming limited express No. 5, due in Fort Wayne at 5 o'clock this morning, collided with the second section of the east bound passenger train No. 10.

The vestibule train was running at a high rate of speed and its locomotive smashed into the engine of the other train with frightful force. In their vice like embrace both iron monsters toppled over on the side and still lie in the ditch.

No damage was done to the vestibule train other than to jar the slumbering passengers. The mail train fared worse. It was made up of postal and express cars exclusively. The front end of the first postal car was shattered and the clerk inside was driven onto a pile of mail sacks in the opposite end like a bullet, but sustained no injuries to speak of.

The firemen of both locomotives leaped in safety before the crash and have no opportunity to immortalize their bravery. Their names are Jim Burns and Jack Coler.

The engineers clung to their throttles longer, and Billy Glenn, of the limited, almost lost his life. His collar-bone is fractured and he is bruised internally, but will not lose his life. His brother, Conductor Tom Glenn, went east on a switch engine to meet the invalid, who has five small children under his care at their home, No. 71 West DeWald street, the mother having died some two years ago.

Engineer Ben Skinner sustained bad bruises in leaping from his engine, but he is around his home, No. 367 Hanna street.

The vestibule train did not arrive until 11:00, standard time, and then it made a contour over the Chicago and Atlantic and Fort Wayne and Richmond roads, the blockade at Elida being complete.

The scene of the collision is fifty miles east of Fort Wayne and is a regular passing point for trains. A long side-track is constructed, but a freight train prevented the mail and express train from getting in on the siding, so that the smash-up was right on the main track.

The officers of the road do not place the blame, and cannot, possibly, until an investigation is made. A collision is a rare thing on the Fort Wayne road and somebody will have to suffer, because the company will tolerate no neglect.

The limited express had no sign of the collision when it pulled into this city. The baggage car did not have a scratch on it, and as the five vestibule cars were crowded with passengers its escape is notable.

Chief Mail Clerk Jim Humphrey, of this city, with two assistants were in the shattered mail car and narrowly escaped being killed. Mr. Humphrey has been in two such collisions before and is a little nervous about it.

BY TELEGRAPH.

CINCINNATI, O., Sept. 22.—A special from Lima says that the limited express, west-bound, on the Pittsburg, Fort Wayne and Chicago road, crashed into the east-bound express, seven miles east of here, this morning. The latter was trying to reach a side track and the brakes on the west-bound train did not work.

Engineer Glenn was seriously hurt by jumping. The tender of his engine was driven through the mail car. Many narrow escapes.

National Council.

CHICAGO, Sept. 22.—At to-day's sessions of the building trades national council a constitution was adopted setting the government of the council in the president, vice-president and secretary, who shall also act as treasurer. It also provides for the selection of an executive committee of seven members, which shall decide all labor troubles. The committee is empowered to levy a per capita of ten cents on all members of the body when needed.

CHICAGO, Sept. 22.—The condition of Hon. E. B. Washburne, ex-minister to France, is better to-day although fears are entertained that his end is near.

EXCITED BROKERS.

The New York Stock Brokers Climb Over Each Other in Their Excitement.

NEW YORK, Sept. 22.—The government circular offering to buy the 4 per cent. bonds at fixed prices and to pay the interest without rebate caused a sharp turn in the sentiment of the operators on the stock market and the opening was excited, at advances ranging from ½ to 1½ per cent. The buyers were so eager that they actually climbed over each other for the first few minutes after the opening and the crowds which was dealing in the Western Union, Reading and New England numbered over 100 brokers each. During the first few minutes a further gain of about ½ cent was made but a reaction has now set in and the market seems to be resuming its normal tone. At 11 o'clock the market is quiet but unsettled and heavy at material declines from opening figures.

OVER THE FIELD.

Looking Around the City for Fresh Facts and Fancies About the Men in the Busy World.

Train No. 43 on the Wabash is now run in two sections.

There have been but very few excursions left the city this week.

The Wabash is reaping a harvest out of the sale of tickets to the St. Louis exposition.

The Wabash company are building at their own shops 100 coal cars, to be of 60,000 pounds capacity.

This is the big month for the railroads in the freight trafic line and all the freight offices in the city are rushed with work.

The railroads are making preparations for the increased passenger traffic that there will be into this city during the Fair week.

Dr. Mitchell, of Missouri, is in the city, visiting his son, Frank Mitchell, one of the popular engineers on the Nickel Plate.

Lewis Kestel, the machinist at the Pittsburg shop, has returned from a visit to Chicago.

Conductor Rodenberg is one of the most popular passenger conductors on the Nickel Plate. His run is from Chicago to Bellevue.

Engines 166 and 21, which were badly demolished in the wreck at Forest, O., a few days ago, are in the Pittsburg shop at this city for repairs.

Engineer Tom Telley and his firemen settled a little difference of their own in pugilistic style yesterday and both of them are now a little bruised up.

The street cars ran to Bloomingdale to-day but trips will not be regularly made until Sunday next, when the new Catholic Orphanage will be dedicated.

Samuel Clay, a machinist who was formerly employed at the Bass works, has returned from Texas, where he has been for the last two years, and again taken his old position.

Ora Clark, the train dispatcher at Peru, has been promoted to the position of chief train dispatcher of the Chicago division of the Wabash road, with headquarters at Forrest, Ill.

The death of Geo. Miner, an old passenger conductor on the Grand Rapids, which occurred last night at his home in this city was received with sadness by his friends on the road.

The gold watch raffled off among the employes of the machine department of the Pittsburg shop last night, was won by John Blank, and Johnie went home with his face wreathed in smiles.

The present month has been an unusually fatal one to trainmen on Indiana roads. Seven freight brakemen have been killed, thus far, one freight conductor, three firemen and two engineers.

There are quite a number of boys in the Bass foundry who are contemplating matrimony this fall and winter and the attention of real estate agents is called to this fact for every one of them wants a home of his own.

The contractors for the paving of Calhoun street, from the Nickel Plate railroad to the Pittsburg will commence the laying of cedar blocks on Monday morning, and this will require a large number of new workmen.

Will Noble, the popular clerk in the Bass works, it is said, will shortly bid adieu to his bachelor's ways, and although Will did take in our reporter on a big camphor story, we will wish him all the happiness imaginable in his new venture.

Fears are entertained that the roads of this country are about to enter into one of the fiercest and longest passenger-rate wars the country has ever known. The feeling is that unless the high officials of the road take the matter promptly in hand a war of unwieldy proportions will be inaugurated within the next thirty days.

The roads doing east-bound business out of Chicago last week forwarded 50,285 tons, an increase over the preceding week of 5,135 tons. The Pennsylvania lines carried but 20 per cent. of this business, the Vanderbilt lines 29.6 per cent., the C., I. St. L. & C. 4.5 per cent., while the Wabash and Grand Trunk ran ahead of their usual share.

There are enough miles of railroad in the United States to girdle the earth five and a half times. Over a half million of men are engaged in operating these roads. There are 30,000 locomotives, 20,000 passenger cars, and 874,000 freight cars in use in the United States. To couple and handle this enormous equipment is the herculean task of switchmen.

Grand Army men, we can fit you out complete for St. Louis.

THE NICKEL PLATE.

Meetings Held To-day at New York, Cleveland and Fort Wayne for Its Reorganization.

NEW YORK, Sept. 22.—The meeting of the stockholders of the New York, Chicago and St. Louis railway, which is re-organizing the Nickel Plate, was held here today. Its purpose is the consolidating of the present road with the Fort Wayne and Cleveland and State Line Companies, under the laws of the states through which they run, and the consolidation was effected without opposition. Meetings for the same purpose were held at the same time in Cleveland and in Fort Wayne in order to conform with the laws. The directors of the reorganized company will meet Wednesday, Sept. 28, to elect officers, and new securities of the company will be issued between October 1 and 16.

LOCAL NEWS.

Charley Ryan swung a new safe into the Keller Medicine manufactory today.

The police commissioners will award the contract for a new patrol wagon to Ben Baker.

The city hall committee of the council will meet this week to select a site for the proposed new building.

John Dennehy is charged, in the mayor's court, with insulting Mattie Day, on Grand street, last night.

The fire commissioners held a meeting at the second ward engine house last night and decided to buy a new hose cart.

Dr. Cary has filed a complaint in the mayor's court against Fred Filleran for herding cows in the Seventh ward, in the city limits.

Master Mechanic F. D. Casanave read a paper on "contract work in railroad shops" before the association of master mechanics at Chicago, yesterday, and attracted wide attention.

VERY SUDDEN

Occurs the Death of Miss Minnie Schumacher.

Miss Minnie Schumacher, daughter of a former janitor of the high school and the old First Presbyterian church, died very suddenly this morning of appoplexy, at her home, No. 134 Lafayette street. Miss Schumacher had not been ill at all, and in fact had not the service of a physician, so sudden was her taking off. The sudden death of the young lady will be a great surprise and shock to her friends. She was aged seventeen years and six months.

Dr. J. M. Dinnen, the coroner, tells us that Miss Schumacher was found dead in bed by her sister who was sleeping with her. He held an inquest.

The Superior Court.

Judge Chapin decided these cases today:

George Mays et al., vs. Hestella Johnson et al., suit in partition, the property found undividable and ordered sold. Benj. F. Harper appointed commissioner to sell.

Wm. Yergens vs. Francis Fitzgerald et al., judgment in favor of plaintiff, for the recovery of real estate and $153.00 damages.

Edward Ely, drainage commissioner, vs. Nathaniel B Hogg, to foreclose ditch lien, was dismissed.

The rumor of a wreck west on the Pittsburg is unfounded. An engine left the track at Clark station Tuesday, hence the report of a wreck.

Mr. C. F. Taylor, of the *News*, went to Chicago this afternoon.

There is none better than Silver Age.

Last night two more United States mail sacks were found in a Wabash coal car. Two government inspectors are now in the city and are shadowing a Grand Rapids railroad employe, whom they suspect of robbing the mail pouches.

Notice.

The members of the Irish Benevolent Society are requested to meet at the Library Hall Friday evening, Sept. 23, at 7:30 o'clock, sharp, as business of importance will be transacted.

A POWERFUL TONIC
that the most delicate stomach will bear.
A SPECIFIC FOR MALARIA, RHEUMATISM, NERVOUS PROSTRATION,
and all Germ Diseases.

THE MOST SCIENTIFIC AND SUCCESSFUL BLOOD PURIFIER. Superior to quinine.

Rev. Wm. Lucas, Rector Grace church, Ravenna, O., writes: "I cordially endorse Kaskine as being just what you claim, an excellent substitute for quinine, with none of its bad effects. Mrs. Lucas had a serious form of malaria, and was confined to her bed for months. Kaskine had her up and around in a few days, and in a short time cured her."

Living in the malarial districts of Maryland I became a victim of worst forms of malarial fever. I drugged myself with quinine and other remedies without avail. I was greatly reduced when I heard of Kaskine. Its curative powers were a medical revelation to me. It cured me and I have not had a return of the trouble. (Prof. Z. D. Bird, B. A., Ass't. Chem at Maryland Agricultural College.

Letters from the above persons, giving full details, will be sent on application.

Kaskine can be taken without any special medical advice. $1 per bottle. Sold by

A CAT gave borth to two kittens in a hen's nest in San Antonio, Texas. One of the oldest matronly fowls of the establishment, after a violent fight with the mother of the kits, drove her off and took charge of the young felines. The hen cuddles them to her breast, and when she clucks the kittens have learned to hover under her wings for protection.

A SUBMARINE tramway is to be constructed in Normandy. It will run along the sands between the watering places of Deauville, Villers, Cabourg, and Houlgate during the bathing season, from July to October. The rails will be pulled up for the winter. These sands are dry at low water, so there will be little difficulty in making the tramway, which is to be driven by steam.

THE HON. MILES C. MOORE, a well-known capitalist of Walla Walla, says that Eastern Oregon will this year have the largest wheat yield ever known, and adds: "The largest yield that I ever knew of personally was seventy-one bushels per acre for a field of thirty-two acres. The grower made affidavit before me as to these figures after the grain had been thrashed and the fields measured by competent surveyors. They tell of bigger yields along Snake River, and I have no doubt the statements are true, but seventy-one bushels per acre is the largest that ever came to my personal knowledge."

CHARLES DUDLEY WARNER seems to agree with George Frederic Parsons in exclaiming against the growth of materialism in America, and particularly among the young men. In a recent lecture on education, he said: "We need to have our education train young people so as to receive more integrity, a purer public life, and a disposition to get the best out of life, irrespective of material circumstances. The public school of to-day has shifted parental responsibility, and more and more teaches our young something 'practical.' The first outcome of this is superficiality. We are becoming material, and materialism is vulgarity. Plausible delusions and prevalent notions sweep away people whose mental faculties have not been trained to reason. Our public schools should keep morals and mental discipline always in view, and thus try to regain a little reverence in place of Yankee bumptiousness."

JOSEPH W. SAVAGE, of Railway, N. J., recently married Susan C. Pike, of Plainfield. The groom's father, ex-Mayor Savage, was married three times, the bride's twice. The latter's first wife was the daughter of the present groom's father's daughter by his first wife. The son just married was born of the second marriage, and became the husband of the daughter of Mr. Pike by his first marriage. Thus ex-Mayor Savage was Mr. Pike's brother-in-law; ex-Mayor Savage's daughter, by marrying Mr. Pike, became sister-in-law to her own father; young Joseph Savage, being the son of Mr. Pike's sister, is his nephew; being the half-brother of Mr. Pike's first wife, he is also his brother-in-law, and by his marriage last week to Mr. Pike's daughter became son-in-law. Thus Mr. Pike is uncle and brother-in-law to his son-in-law, and the recent bride, Mrs. Joseph W. Savage, is cousin and niece to her husband, and consequently her own aunt.

T[illegible] widow of Colorado was the wife of the late John W. Iliff, who was known some years ago as the cattle king of Colorado. Iliff left about [illegible] head of cattle, and it is said that his widow manages his estate as well as any business man could. She went to Colorado as a sewing-machine [illegible] though she came of a wealthy family and could have remained home [illegible] nothing. She there met Iliff and married him, and we doubt not the experience she obtained in connection with the sewing machine aids her in the management of her fortune. Speaking of cattle, there is a cattle queen in Texas, near Corpus Christi—Mrs. Rogers—said to be worth $1,000,000, and who has many times as much stock as Iliff had in his most prosperous days. Her husband is a preacher, but Mrs. Rogers manages the business. She sells the stock herself, buys all the supplies, and can ride a horse as well as any of the many cowboys whom she has in her employ.

MRS. SARAH MASSIE, who lives in Athens, Ala., is 94 years old and has been a widow sixty-three years. She was well acquainted with Jefferson and Madison. Her husband served in the war of 1812, and she is now seeking a pension on that ground, but so far has been unsuccessful.

LOUIS KOSSUTH, who left Turin recently for Courmayeur, where he will take the waters, is in excellent health. In spite of his 85 years he is perfectly erect, his complexion is rosy, and his intellect as vigorous as ever. His sister, Mme. Ruttkay, who formerly resided in the United States, is his constant companion.

JOEL BENNETT, of Hall County, Georgia, is now in his 74th year, and is as hale and hearty as many a man of 50. Mr. Bennett says that he has not failed to follow the plow every season since he was large enough to hold up the plow-handles. He has never worn his shirt with the collar buttoned in sixty years; has never missed a meal of victuals on account of sickness in forty years, and has not gone to bed without a chew of tobacco in his mouth in thirty years. He has made a fine crop this year, and bids fair to make many more.

THERE is a firm in Philadelphia which paints pictures by the yard. The work is simple. A piece of canvas nearly one hundred feet long is stretched in a gallery shaped like a corridor. On each picture, which, by the way, costs $4.50, five men were employed. Each man had his particular line. One put in the foreground, another the background, and still another did the clouds and cows that you see browsing in the pasture. A fourth man did the trees and shrubbery. In this way they were enabled to work fast. In exactly three hours five of those landscapes were finished, which is thirty-six minutes time given to each. The fifth man did the finishing touches, and perhaps performed more and better work than any of the others.

THE whole field for acres around the bridge over Little River, in Wilkes County, Ga., is literally covered with flint arrow and spear heads, stone tomahawks, maces, battle-axes, and almost every instrument of crude Indian warfare. Besides these are found many domestic articles, as mortars and pestles for mashing corn, pots hewn out of solid stone, and broken vases carved in rare and curious designs. These relics were washed down from a neighboring hill by the late freshet and scattered over the field. On the top of this hill, where the village was supposed to have been, was found a large pile of broken and defective arrow-heads which seemed to mark the spot where some old arrow-maker had his shop, making arrows for his tribe and receiving in return deer, bear, and other such game as the forest afforded.

Delicate Children, Nursing

Mothers, overworked men and for all diseases where the tissues are wasting away from the inability to digest food, or from overwork; should take Scott's emulsion of pure cod liver oil with Hypophosphites. CAPTAIN JACK CRAWFORD, the poet scout, is soon to go upon the stage in a new historical play called "Daniel Boone," with real Indians, living bears, elks, mustangs, wolves, prairie dogs, and all the other usual accessories of the wild Western drama.

When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

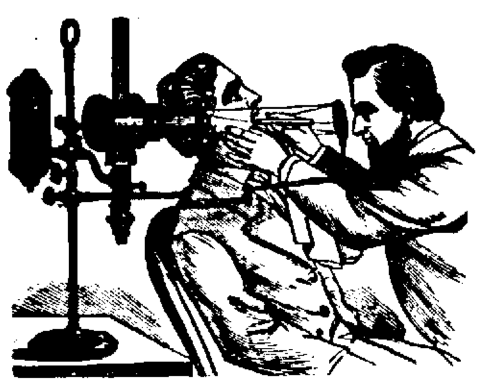
DR. FRUTH, OF NEW YORK,

:o:

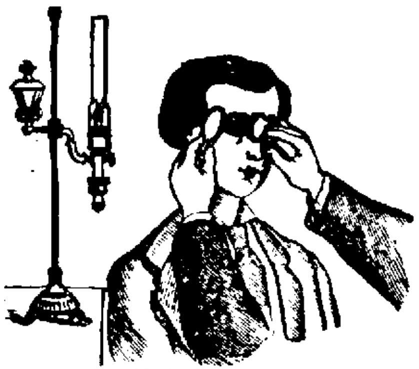
The Celebrated German Specialist in Chronic Diseases of the Eye and Ear, by request of many friends and patients, will make a returnvisit to Fort Wayne, Ind, Wednesday and Thursday, October 19 and 20. Consultation and examination free and confidential at his parlors at the Robinson House from 9 a. m. to 9 p. m. Two days only.

THE FRANCE MEDICAL & SURGICAL INSTITUTE.

INCORPORATED 1886. CAPITAL, $300,000.00.
TELEPHONE 862. No. 30 WEST GAY STREET, COLUMBUS, O. TELEPHONE 862
Established for the Treatment of all forms of CHRONIC DISEASES, and DISEASES of the EYE and EAR. Also, PRIVATE DISEASES.



The France Medical Institute's Laryngoscopic examination of the Throat in Deafness, Catarrh and Diseases of the Bronchial Tubes, by which means Naso-Pharyngeal Space, Posterior Nares, Eustachian Tubes, Epiglottis, Vocal Cords, Larynx, Trachea and Bronchial Tubes are plainly visible.



The France Medical Institute's method of examining the anterior half of the Eye Ball by oblique illumination with their powerful American Lenses, enabling them to see accurately the appearance of the Cornea, Iris, Pupil, Lens and anterior portion of the Vitreous Humor, and detect foreign bodies, [illegible] false Membranes, minute deposits upon the Iris and Capsules of the Lens, and the slightest Nebula of the Cornea, which could not possibly be brought to view in any other manner.

DR. FRANCE, of New York, the well known and successful Specialist in Chronic Diseases and Diseases of the Eye and Ear, on account of his large practice in Ohio, has associated himself with D. OTHO FRUTH, M. D., the celebrated German Specialist, of New York, who has resigned his position in the Provident Medical Dispensary to take charge of the *France Medical Institute*, where all forms of *Chronic, Nervous and Private Diseases will be successfully treated on the most Scientific Principles.*

A FAIR PROPOSITION. Intelligent people, the world over, when the reason is appealed to and prejudice [illegible] can always be relied upon to reach a correct conclusion in any matter that may be presented to them. It is in this way Dr. France, the founder of the France Medical Institute, at No. 30 West Gay street, desires to meet the public, and discuss the manner in which he undertakes to cure chronic diseases. He [illegible] propositions in this wise: Are you accustomed to think and act for yourself? If so, then do not heed the counsel of skeptical and prejudiced [illegible] physicians, but listen to what we have to say. You perhaps know nothing of us or our system of treatment, or of the [illegible] methods we employ. You may imagine, but you know nothing of our facilities and advantages of perfecting cures in cases beyond the reach or aid of the general practitioner. Knowing nothing, then, of all these advantages, you still know as much as the would be friend or physician, who never loses an opportunity to traduce and misrepresent us, and prejudice the afflicted against us. We wish to add further that we are responsible and invite you to come and visit [illegible] and if you find on investigation that we have mistated or misrepresented in any particular, our institution, our advantages or our success in curing Chronic Diseases, we will gladly bear the expense of your trip. We court honest, sincere investigation, and are glad and anxious to show interested people what we can do and are doing for suffering humanity. Can a proposition be plainer? Can an offer be more fair and business like? If, therefore, you are afflicted and are seeking relief, come where genuine ability is a ruling feature, where success is our watchword and the alleviation of human suffering our mission.

They adopt the following plan, which is peculiar to the large hospitals, and is not and never has been the practice of country doctors, viz: They carefully note the symptoms of the patient, ascertain the conditions of the internal organs, examine Eye, Ear and Throat by the most recent and approved instruments and methods, all of which they carefully record in their register for future reference. In this way they ascertain the true nature of the disease and its cause. Knowing the disease, they know the changes it produces in the tissues, and, knowing the changes, they check them with specific remedies, and place the patient on the high road to recovery. When sick people consult them they readily tell them whether they can cure or help them, or if they are beyond hope.

The examinations are in accordance with anatomical and physical science, and they will convince the most skeptical. By an examination they will convince any one of the nature and extent of disease, amount of danger to life, and chance of a perfect cure. Believing that science is truth, and "truth is mighty and will prevail" when known, and knowing that disease can be cured, with positive certainty, they invite the afflicted to call and receive advice free and be cured of their diseases.

There is no subject that requires so much study and experience as the treatment and cure of Chronic Diseases. The astounding success and remarkable cures performed by them are due to the long study of the constitution of man, and the cure of diseases by natural remedies. Let those given up by others call for examination. They have successfully treated the following diseases since their arrival in this State: Eye and Ear Diseases, Chronic Diarrhœa, Chronic Inflammation of the Womb, Chronic Inflammation of the Bladder, Painful or Irregular Menstruation, Fever Sores and Ulcers, Incontinence of Urine, Tape Worms, Crooked Limbs and Enlarged Joints, Spinal Curvatures, Club Foot, Hip Joint Diseases, White Swelling, Discharging Abscesses, Sterility or Barrenness, Nervous and General Debility, Prostration and Impotency, Disease of the Kidneys and Bladder, Leucorrhea or Whites, Blotches and Pimples, Skin Diseases, Dyspepsia, Constipation, Dropsy, Cancer, Epileptic Fits, Erysipelas, Gravel, Goitre, Gleet, Gonorrhœa, Hydrocele, Heart Disease, Liver Disease, Headache, Piles, Hysteria, Syphilis, St. Vitus Dance, Chronic Dysentery, Enlarged Tonsils, Fever and Ague, Fistula in Ano, Hernia or Rupture, Ovarian Tumors, Paralysis or Palsy, Prolapsus Uteri, Bronchitis, Asthma, Catarrh, Scrofula, Consumption, Chronic Cough, Female Weakness, Spermatorrhœa, Rheumatism, etc.

CURING OF PILES GUARANTEED. Will give $1,000 in any case of failure. No money required of responsible parties.

YOUNG MEN Who have become victims of solitary vice, that dreadful and destructive habit, which annually sweeps to an untimely grave thousands of young men of exalted talent and brilliant intellect, may call with confidence.

DR. FRANCE. After years of experience, has discovered the greatest cure known for weakness in the back and limbs, involuntary discharges, impotency, general debility, nervousness, languor, confusion of ideas, palpitation of the heart, timidity, trembling, dimness of sight, or giddiness, diseases of the head, throat, nose or skin, affections of the liver, lungs, stomach, or bowels—those terrible disorders arising from the solitary vice of youth and secret practices, blighting their most radiant hopes or anticipations, rendering marriage impossible. Take one candid thought before it is too late. A week or month may place your case beyond the reach of hope. My method of treatment will speedily and permanently cure the most obstinate case and absolutely restore perfect manhood.

TO MIDDLE-AGED MEN. There are many from the age of 30 to 60 who are troubled with frequent evacuations of the bladder, often accompanied by a slight burning or smarting sensation, weakening the system in a manner the patient cannot account for. On examination of the urinary deposits a ropy sediment will be found, and sometimes small particles of albumen will appear, or the color will be a thin or milkish hue, again changing to a dark or torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is a second stage of seminal weakness. We will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

PRIVATE DISEASES. Blood Poison, Venereal Taint, Gleet, Stricture, Seminal Emissions, Loss of Sexual Power, Weakness of Sexual Organs, Want of Desire in Male or Female, whether from imprudent habits of youth or sexual habits of mature years, or any cause that debilitates the sexual functions, speedily and permanently cured. Consultation free and strictly confidential. Absolute cures guaranteed. No risks incurred. Correspondence promptly answered, and medicines sent free from observation to all parts of the United States.

DISEASES OF WOMEN.—We have a special department, thoroughly organized, and devoted exclusively to the treatment of diseases of women. Every case consulting our specialist, whether by letter or in person, is given the most careful and considerate attention. Important cases (and we get few which have not baffled the skill of all the home physicians) have the benefit of a full council of skilled specialists. In treatment of diseases peculiar to females, our success has been marked, over two-thirds of our patients being ladies, old, young, married, single, rich and poor. Our method is entirely free from objectionable features of the general practitioner, namely, "Local treatment." We seldom find it necessary. We prepare remedies, constitutional and local, as the case demands, and instruct ladies how to treat themselves.

EPILEPSY, OR FITS. Positively cured by a new and never-failing method.

To Whom it May Concern.—We, the undersigned, do cheerfully and conscientiously recommend Drs. France and Fruth as gentlemen of rare professional ability, ripe in judgment, humane to a fault, considerate in price, and enthusiastic for the relief of their fellow men, and we therefore urge the afflicted to avail themselves of their superior skill.

Granville M. Weeks, M. D., L. L. D., President Provident Dispensary, N. Y.; T. Meredith Maxwell, A. M., M. D., N. Y.; Orvin Pomeroy, M. D., N. Y.; V. M. Davis, M. D., N. Y.; W. F. White, A. M., M. D., Toronto, Canada; F. H. Roesch, M. D., Chicago, Ill.; Dr. Gardner, Painesville, O.

Also, Farmers' National Bank, Findlay, O.; First National Bank, Fostoria, O.; Second National Bank, Bucyrus, O.; Fourth National Bank, Columbus, O.

FREE EXAMINATION OF THE URINE. Each person applying for medical treatment should send or bring from 2 to 4 ounces of urine, which will receive a careful chemical and microscopical examination. Persons ruined in health by Unlearned Pretenders, who keep trifling with them month after month, giving poisonous and injurious compounds, should apply immediately.

WONDERFUL CURES Perfected in old cases which have been neglected or unskillfully treated. No experiments or failures. Parties treated by mail and express, but where possible personal consultation is preferred. Curable Cases Guaranteed. List of questions sent free. Address, with postage, DR. FRANCE, No. 30 West Gay Street, Columbus, O.

A Boon

To mankind, said a member of the State Medical Society of Ga., at one of its meetings, "and the prescription ought to be given to the medical fraternity for the benefit of the Profession, for no such combination exists in the Pharmacopœa as that of Simmons Liver Regulator." The late THOS. H. POWERS, of Philadelphia, America's greatest chemist, asserted "it was like the discovery of Dover, in his celebrated Dover's Powder, it could not be improved and it was wonderfully strange that the combination had never been made in an officinal form."

L. M. HINTON, M. D., Washington, Ark., says: "No other remedy within my knowledge can fill its place. I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would, like Simmons Liver Regulator, promptly and effectively move the Liver to action and at the same time aid (instead of weakening) the digestive powers."

Symptoms such as bitter or bad taste in the mouth; pain in the back, often mistaken for Rheumatism; sour stomach; loss of appetite; bowels alternately costive and lax; headache; loss of memory, with a painful sensation of having failed to do something which ought to have been done; debility; low spirits; a thick yellow appearance of the skin and eyes; a dry cough often mistaken for Consumption, indicate Liver disease, and if not regulated in time great suffering, wretchedness and death will often ensue.

Being entirely vegetable, they operate without disturbance to the system, diet, or occupation. Put up in glass vials, hermetically sealed. Always fresh and reliable. As **a laxative, alterative, or purgative,** these little Pellets give the most perfect satisfaction.

SICK HEADACHE,

Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the stomach and bowels, are promptly relieved and permanently cured by the use of **Dr. Pierce's Pleasant Purgative Pellets.** In explanation of the remedial power of these Pellets over so great a variety of diseases, it may truthfully be said that their action upon the system is universal, not a gland or tissue escaping their sanative influence. Sold by druggists, 25 cents a vial. Manufactured by the Chemical Laboratory of WORLD'S DISPENSARY MEDICAL ASSOCIATION, Buffalo, N. Y.

$500 REWARD

is offered by the manufacturers of **Dr. Sage's Catarrh Remedy,** for a case of Chronic Nasal Catarrh which they cannot cure.

SYMPTOMS OF CATARRH. Dull, heavy headache, obstruction of the nasal passages, discharges falling from the head into the throat, sometimes profuse, watery, and acrid, at others, thick, tenacious, mucous, purulent, bloody and putrid; the eyes are weak, watery, and inflamed; there is ringing in the ears, deafness, hacking or coughing to clear the throat, expectoration of offensive matter, together with scabs from ulcers; the voice is changed and has a nasal twang; the breath is offensive; smell and taste are impaired; there is a sensation of dizziness, with mental depression, a hacking cough and general debility. Only a few of the above-named symptoms are likely to be present in any one case. Thousands of cases annually, without manifesting half of the above symptoms, result in consumption, and end in the grave. No disease is so common, more deceptive and dangerous, or less understood by physicians.

By its mild, soothing, and healing properties, Dr. Sage's Catarrh Remedy cures the worst cases of **Catarrh, "cold in the head," Coryza, and Catarrhal Headache.**

Sold by druggists everywhere; 50 cents.

"Untold Agony from Catarrh."

Prof. W. HAUSNER, the famous mesmerist, of *Ithaca, N. Y.*, writes: "Some ten years ago I suffered untold agony from chronic nasal catarrh. My family physician gave me up as incurable, and said I must die. My case was such a bad one, that every day, towards sunset, my voice would become so hoarse I could barely speak above a whisper. In the morning my coughing and clearing of my throat would almost strangle me. By the use of Dr. Sage's Catarrh Remedy, in three months, I was a well man, and the cure has been permanent."

"Constantly Hawking and Spitting."

THOMAS J. RUSHING, Esq., *2902 Pine Street, St. Louis, Mo.*, writes: "I was a great sufferer from catarrh for three years. At times I could hardly breathe, and was constantly hawking and spitting, and for the last eight months could not breathe through the nostrils. I thought nothing could be done for me. Luckily, I was advised to try Dr. Sage's Catarrh Remedy, and I am now a well man. I believe it to be the only sure remedy for catarrh now manufactured, and one has only to give it a fair trial to experience astounding results and a permanent cure."

Three Bottles Cure Catarrh.

ELI ROBBINS, *Runyan P. O., Columbia Co., Pa.*, says: "My daughter had catarrh when she was five years old, very badly. I saw Dr. Sage's Catarrh Remedy advertised, and procured a bottle for her, and soon saw that it helped her; a third bottle effected a permanent cure. She is now eighteen years old and sound and hearty."

Luxury Ran Wild.

I was in an up-town haberdasher's shop, says a correspondent of the Boston *Advertiser*, and in the course of a half hour's conversation I learned considerable about the personal decorations of the dude. A modest request to look at some *robes de nuit* was what startled the shopkeeper. He took a glance at my golden locks and produced a box, remarking:

"Here is something which will suit your complexion."

It suited my complexion better than it did my pocket-book. It was made of a fawn-colored Chinese silk, very soft, and elaborately embroidered in light blue. A delicate tracery of blue vines and flowers ran around the collar, down the cuffs, and it was made to button with gold studs.

"This is a very simple pattern," remarked the gentle haberdasher, "and costs only $6. Here is a more elaborate style for $12," and he brought out a garment of rather finer material, simply covered with embroidery. I mildly insinuated that I wanted something for about $1.50. He looked unhappy for a moment, but recovered when he began to show me some silk underwear for $15 a set, and purple silk hose for $5 a pair. From underwear we got to shirts, pajamas, and "blazers." The styles were unique and glaring.

"Do men really wear these things?" I inquired innocently. He gazed at me pityingly.

"Do you know what it costs to dress a fashionable young man?" he asked. I mean simply for underclothing," he added. "To begin at the bottom, he needs, say, a dozen pairs of socks, at from $4 to $6 per pair. His half-dozen sets of silk underwear will cost him about $15 a set. His shirts will cost him $25 a dozen, and his collars and cuffs, of which he needs a good many, with his neck-ties, will cost as much more. Tennis shirts, long stockings, blazers, etc., etc., will run up, in a summer season, to a couple of hundred dollars. Yes," he added, meditatively, "a young man needs about $500 to get his summer outfit, not counting his tailor's and shoemaker's and hatter's bills, which will amount to as much more. Of course his fall and winter outfits are more expensive."

"How much a year does it cost to dress properly?" I asked.

"I have customers who spend $5,000 a year on their clothes, and they are by no means extravagant," was the prompt reply.

The Union Jack.

The red cross of St. George was the national flag of England until the accession of James I. The combination of the crosses of St. George and St. Andrew produced the first union jack in 1606. It symbolized the union of England and Scotland. The second union jack, the "meteor flag of England," was established by royal proclamation on the first of January, 1801, when Ireland became an integral part of the United Kingdom, her union with England and Scotland being symbolized by the insertion of St Patrick's Cross in the existing flag. Properly speaking, St. Patrick's "Cross" is an incorrect statement. The Irish Cross seems derived from Constantine's famous standard, the Labarum an emblem which the early Irish Christians seem to have known and esteemed. The Fitzgeralds bore a red diagonal cross on a white ground from early times, and as early as 1719 this was spoken of as the flag of Ireland. It was sufficiently national to be regarded as such in 1801, and was combined, as we have said, with the saltire or white diagonal cross of St. Andrew already in the union. These two are countercharged; the white, as representing the senior member, is uppermost in the first quarter; the red is edged with white as a fimbriation. This explains why the red cross of Ireland is narrower than the white cross of Scotland. The white border of St. George's Cross has always been officially ordered to be one-third of the width of the cross itself; this border is not intended as a fimbriation; it is really a white cross underlying a red cross one-fifth of the width. It is strange to think that this "white border" of our present union jack is most probably a direct result of the battle of Agincourt in 1415. This white cross was almost certainly the French color adopted into the English flag during the minority of Henry VI. The term "jack," applied to the flag, is considered by some to be an abbreviation of King James' signature, "Jac." But a more probable derivation is that the surcoat worn over a trooper's armor was called a "jacque," and this in the middle ages was usually emblazoned before and behind with the red cross of St. George.

Are Corsets Beneficial?

More men die of consumption than women, and it has been attempted to explain this by supposing that corsets help to maintain a healthful condition of the lungs because they restrain abdominal breathing and compel chest or rib breathing, causing a better ventilation of the upper portion of the lungs, or those two apices of the lungs which might be called attics where dust accumulates and decay begins, but if corsets do have any beneficial effect in this way it is probably more than counter-balanced by the evil effects of their compression of the vital parts below the diaphragm. The stomach, liver, and spleen are organs no less important than the lungs, and to crowd them out of place or impair their functions by tight corsets will inevitably produce diseases as serious as consumption. As there is often a spirit of good in things evil, corsets may not be an unmitigated nuisance, and indeed much depends upon the style and how they are adjusted, but the more they are so adjusted as to compel chest breathing, the more certain they will be to produce disaster somewhere below the chest. The best way to induce chest breathing and ventilate every portion of the lungs is by rapid exercise or by enforced deep respiration practiced once or twice daily.—*Dr. Foote's Health Monthly.*

Indorsement of a Leading Physician.

"I have used Darby's Prophylactic Fluid extensively as a disinfectant and deodorizer, and find it an admirable preparation. Whenever there are offensive discharges from wounds, abscesses, etc., it is wonderful in its action. I consider it the best preparation I know as a gargle in diphtheria and scarlet fever."

J. CRESWELL LEWIS, M. D., Phila.

I have been bothered with catarrh for about twenty years; I had lost sense of smell entirely for the last fifteen years, and I had almost lost my hearing. My eyes were getting so dim I had to get some one to thread my needle. Now I have my hearing as well as I ever had, and I can see to thread as fine a needle as ever I did, my sense of smell is partly restored, and it seems to be improving all the time. I think there is nothing like Ely's Cream Balm for catarrh.—Mrs. E. E. Grimes, 67 Valley St., Rendrill, Perry Co., Ohio.

FRUIT HOUSE PRICES FOR '87

Quite a change has taken place in a great many goods the last sixty days, the tendency being in most cases upwards. This is the case, especially in Coffee and Dried Fruits, Sugars, Teas, Syrups, Spices and Tobacco, have not advanced, but from indications they will. It will pay our customers to purchase liberally.

Sugars—White and Yellow.

Yellow C Sugar, 6c. Standard A Sugar, 7c. Granulated Sugar, 7¼c. Powdered Sugar, 7¼c. Cut Loaf Sugar, 7¼c.

NO ADVANCE ON TEAS,

Yet they will not likely remain at such low prices in the face of the large advance on Coffee. We continue to maintain our prestige in the Tea trade. Our trade has grown immensely in that line. People have no longer to send off to purchase their Teas. In order to save money we keep up the plan of buying in large lots of the importers and re-selling direct to our customers at a small profit, thereby saving to our customers the intermediate profits of jobber and wholesale dealer—which is not less than 10 to 20c.

Good, 15c per pound; choice, 30c; best, 50c. Imperial tea—Green, good, 30c; best, 50c. Gunpowder tea, 30c; best, 50c. Oolong or Black tea, 20c, 30c; best, 50c; Japan tea, 20c, 30c; best, 50c. Above prices on teas are the lowest on record and the best teas are of the highest quality—no better anywhere—the other grades are good, sweet, drawing teas and will please the most fastidious tea drinkers. Just give them a trial and satisfy yourself.

Coffee—Rio, Java and Roasted.

Best Rio coffee, 20c, per pound; best roasted Rio, 24c per pound; German coffee, 26c per pound; Housekeepers' Choice, 25c per pound; Dannemiller's, 26c. per cent.

Foreign and Domestic Fruits, Prunes, Raisins, Currents, &c., &c.

Turkish prunes, 5c; figs, per pound, 10c; peeled peaches, 20c; dried cherries, 15; unpeeled peaches, 8c; dried raspberries, 30c; dried apples, 6c; dried blackberries, 15c.

Leghorn Citron, 22c; orange and lemon peel, 15c; Valencia raisins, 8c; best layer raisins, 12½c; Zantee currants, 8c; shelled almonds, 30c; seedless raisins, 10c.

Candies—Stick, Mixed and Bon Bons.

Pure stick candy, 10c; pure mixed candy, 10c; fancy toy candy, 20c, toy candies, 20c; Brazil nuts, 10c quart; almond nuts, 15c quart; mixed nuts, 15c quart; walnuts and filberts, 12½c quart.

Syrups---Maple and Sugar Syrups and New Orleans Molasses.

Pure Maple syrup, 70c a gallon; golden drips, 40c; Sorghum, 40c; New Orleans molasses, 35c; best, 40c. The sorghum is splendid and 10c lower than we ever sold it before.

WINES AND LIQUORS FOR MEDICAL PURPOSES.

Old 76, $2.50 per gallon; two years old, $1.75; one year old, $1.40 per gallon; new whisky, $1 and $1.25 per gallon; Port and Sherry wine, $1.25 per gallon; California wine, $1.25 per gallon; wines in bottles, 40c.

Chancellor J. F. Lang to-day brought in from the asylum at Rensselaer, an excursion party of forty sweet-faced little children, via the Wabash line, and lodged them in the elegant Catholic Orphans' Home, on the north side. The little ones are overjoyed to get into the new building provided for them, and their prayers will ever go up to heaven for their benefactors. The asylum will be dedicated next Sunday morning, but of this The Sentinel will speak hereafter.

Dr. C. B. Stemen returned home last night, and is the picture of health, his foreign tour having agreed with him wonderfully. The doctor says that his election to the presidency of the National Association of Local Methodist Preachers, at Harrisburg, Pa., yesterday, is of much local importance, because it promotes the work of endowing the M. E. College in this city. The association decided on the appointment of a general financial agent to have charge of the work, but he has not been chosen as yet.

1,250 fall overcoats now in stock. We are early, but we always look out for our patrons.

B. F. Moffit, of Auburn, is in the city.

Miss Ama Bond is visiting friends in Marion.

Dr. W. H. Meyers is attending Engineer Glenn.

W. A. Cook, the editor of the Roanoke *Times*, is in the city to-day.

The Pittsburg passenger trains from the east were all late to-day.

The mayor fined three drunkards this morning and two of the municipal offenders paid up.

Jame Curry, a Wabash switchman, was caught between the cars last night, and badly bruised about the head.

Many of the merchants took advantage of the wet weather and dull trade this morning to give their show windows a cleaning.

Mr. J. H. Hoffman sends The Sentinel a complimentary ticket to the Noble county fair to occur at Ligonier October 11 to 14.

Hon. Montgomery Hamilton tells us that the Pennington works continue to book orders from all parts of the country. This is destined to be a great industry.

The Wabash *Times* says: "Miss Edith Sweetser, of Marion, and Miss Ama Bond, of Fort Wayne, were in the city a short time Tuesday, en route to Marion."

The coming fair and festival in the interest of the new Y. M. C. A. building is an assured success. All of the committees are in high glee over the encourgement they are receiving on every hand.

The county commissioners adjourned this morning. They awarded to H. C. Paul the contract to build the foundation for the Spy Run avenue bridge. They made no provision for the iron work or super-structure.

The Hamilton National bank leased ten of their safety vault boxes yesterday. They have five more applications under consideration. Every lessee must be known to the bank people and enjoy a character beyond reproach.

The Criterion Opera company presented the "Chimes of Normandy" at the Academy last night to the largest house of the week and made a great hit. The work of Milton Aborn, as "Gaspard" has never been surpassed in the city and he was frequently encored. The interpretation of the Mexican adventurer by Mack Charles brought down the house. He is possesed of a sweet tenor voice of strong volume and has made himself a great favorite with the public. Lucille Merideth was as sprightly and vivacious as ever and received her share of applause. The chorus has been strengthened and is much stronger now than when the company made its first appearance. To-night that popular opera "The Mikado" will be presented and judging from the large advance sale the house will be crowded.

Who has ticket No. 2384? It entitles the holder to the valuable city lot, presented by Messrs. Sam, Pete & Max, the popular clothiers. eod

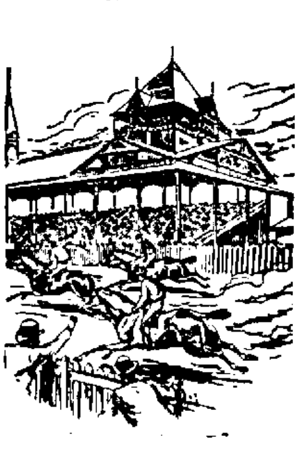
ATTENTION!

Tell Every Person to Get Ready for the

BIG FAIR



At Ft. Wayne,

Sept. 27, 28, 29 and 30.

The coming Inter-state fair in this city next week promises to be one of the best ever held in the city. The entries for trotting horses are coming in very rapidly and the prospects look very bright for a fine fill of horses. The celebrated Detroit base ball club will positively be here on Thursday and an effort is being made to get the Dayton club for Friday. Everything points to a big fair. Tell the news abroad. They are coming from near and far. The farmers will all be here. The people from the neighboring towns are coming by the thousand. Get ready for a big time.
